HOUSE JOURNAL

SESSION 1975

FIRST DAY

HOUSE OF REPRESENTATIVES
Wednesday, January 15, 1975

This day, in accordance with the Constitution of the State of North Carolina and G. S. 120-11.1, which fixes the date for the meeting of the General Assembly of North Carolina, the members of the House of Representatives assemble in the House Chamber of the State Legislative Building in the City of Raleigh at 12:00 Noon and are called to order by the Honorable Thad Eure, Secretary of State.

Prayer is offered by the Reverend William E. Link, Pastor of Clarkton Presbyterian Church, Clarkton, North Carolina.

"Eternal God, who hast made all things and the world and created man to have dominion over all things, we honor and glorify Thy Holy name.

"We realize that the governing of men and nations falls to a chosen few and that government itself is granted through Thy grace. It is right, therefore, that we come to Thee in this moment in the life of our state and communities. We thank Thee for the singular privilege of leadership and the awesome challenges which stand before this House today. We pray for Thy continued presence with these who would govern, that the fruits of their labor may show their having been in Thy presence. Enable these to act in unity of purpose, to lead in humility and to walk with Thee daily. Help them to be constantly faithful to their task and uphold them at all times.

"We pray a special blessing upon him who will be the leader of this body that in his leadership he may truly be a servant ever mindful of his dependence upon Thee and be found faithful to his responsibility, that those who have put their confidence in him may be justified in following him.

"Open our eyes in these nagging, troublesome days that we may see a true vision of service to our fellowman.

"In Jesus name. Amen."

The roll is called and all of the following Members-elect, except Mr. Schwartz and Mr. Tison, answer when their names are called.

Mr. Rhodes reports that, due to illness, Mr. Schwartz is unable to be present, and Mr. Lawing reports that for the same reason Mr. Tison is unable to be present.

The one hundred eighteen Members-elect who are present, appear with proper certificates of election, take and subscribe to the following oath of office, which is administered by the Honorable I. Beverly Lake, Associate Justice of the Supreme Court of North Carolina.

OATH FOR MEMBERS OF THE HOUSE OF REPRESENTATIVES

"I solemnly swear that I will support and maintain the Constitution and laws of the United States; and,

"I do solemnly and sincerely swear that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; and that I will endeavor to support, maintain and defend the Constitution and laws of said State, not inconsistent with the Constitution of the United States, to the best of my knowledge and ability; and,

"I do solemnly swear that I will faithfully discharge my duties as a Member of the House of Representatives of the 1975 General Assembly of the State of North Carolina to the best of my skill and ability, so help me, God."

One hundred eighteen Members having answered the roll call, the Secretary of State declares a quorum is present.

The Secretary of State announces that the first order of business is the election of a Speaker and declares that nominations are in order:

ELECTION OF OFFICERS

Representative Soles places in nomination the name of Representative James C. Green of Bladen County for Speaker of the 1975 House of Representatives.

"Mr. Chairman, Members of the House of Representatives, Distinguished Guests, Ladies and Gentlemen.

"Thank you for allowing me to speak to you briefly for the purpose of nominating the next Speaker of the North Carolina House of Representatives. During this Session of the General Assembly the business before us will be of utmost importance to all people throughout North Carolina and our decisions will have a direct bearing upon the lives of every North Carolinian and many beyond our State's boundaries.

"In Colonial days the inhabitants of the Colony were authorized to choose twelve Deputies or Representatives 'from amongst themselves' to join with an appointed Governor for the purpose of making ordinances. However, the 1776 Constitution transferred the governing power from the King to the people, and further provided that all legislative authorities shall be vested in two distinct branches, a Senate and a House of Commons, and that the Senate and House of Commons assembled for the purpose of legislation shall be denominated the General Assembly.

"In addition to the power to make laws, the 1776 Constitution of our State gave the General Assembly the added power to elect all State officers, including the Governor, and further gave the General Assembly the over-all control of local government throughout the State. But as time has passed, constitutional amendments have taken away the power of the General Assembly to elect the Governor and other officials, and have given it to the people; and although there has been some additional loss or transfer of power from the General Assembly since the 1776 Constitution, the General Assembly still retains the total legislative power within the territorial limits of North Carolina except for those powers granted to the United States when North Carolina ratified the United States Constitution and joined the Union and except for those specific limitations on its power spelled out in the North Carolina Constitution.

"Accordingly, those of us who have been elected as Representatives have a special responsibility to exercise the great power retained by the General Assembly in an honest and forthright manner. In order to fulfill our responsibilities and to go about our business in an orderly fashion, it is incumbent upon us to properly organize ourselves and to select from our ranks one who is qualified by training, temperament, character and experience to serve as Speaker of the House. It is my firm belief that Representative James Collins Green of the Nineteenth House District is the most qualified, and I therefore nominate him for the Office of Speaker of the House of Representatives for the 1975 Session of the North Carolina General Assembly.

"Representative Green, the son of John Collins and Frances Sue Green, was born in Halifax, Virginia, February 24, 1921. He attended the public schools of Virginia, where he received his high school diploma and later attended Washington and Lee University. After his University years, Representative Green moved to North Carolina where he met and married Alice Clark of Bladen County who bore him three children, Sally, Susan and James, Jr. Representative Green has made his home in Clarkton where in addition to operating several tobacco warehouses and extensive agriculture related businesses he has found time to serve his community and State as a

Member of the Bladen County Board of Education, Trustee of Southeastern Community College, Trustee of the Consolidated University of North Carolina, President of the Rotary Club, Director of the Community Development Corporation and Merchants Association, and he has taken an active part as a Member of the Masons, Woodmen of the World and served as Superintendent of the Sunday School and Deacon at the Clarkton Presbyterian Church. More important, however, to those of us here assembled is Representative Green's service to the people of North Carolina as a Member of the General Assembly. Representative Green has served a total of fourteen years in the General Assembly, twelve of which have been served in the House of Representatives and two in the Senate. During his service in the House, Representative Green has been an active member of almost every committee of the House and has served as Chairman of several of the most important and influential committees. His years of dedicated service have bestowed upon him those qualities and abilities required of one who is to act as presiding officer of this august body. Accordingly, it is with utmost confidence in him that I recommend Representative Green to you as our Speaker, and I urge his election by acclamation. Thank you."

The nomination is seconded by Representative Liston B. Ramsey.

"Mr. Secretary and Members of the House:

"It is with pride and pleasure that I rise to second the nomination of my colleague, Jimmy Green, as candidate for the Speaker of the House of Representatives. I first became acquainted with Jimmy during the 1961 Session of the General Assembly and since that time I have found him to be fair, hardworking and always ready to make the hard decision. Even though I live in the western end of our State and Jimmy lives in Eastern North Carolina, I feel that we have had a meeting of the minds on legislation which will benefit all the people of North Carolina.

"He has chaired many committees in a fair and just manner and I sincerely feel this demeanor will be carried forward during this next Session as Speaker of this Body.

"I also feel that every Member of this Body, irrespective of the section of the State from which he is elected, will receive the dignity and fairness to which he is deserving.

"The people of North Carolina can be proud that this Body has selected a man with the stature and ability as is possessed by Jimmy Green to lead the House of Representatives during the 1975 General Assembly.

"Mr. Chairman, I second the nomination of Jimmy Green as Speaker of the House of Representatives for the 1975 Session."

The nomination is also seconded by Representative William T. Watkins.

"Mr. Secretary:

"It is with great pride and a most distinct and particular pleasure that I rise to second the nomination of Representative Green of Bladen County as Speaker of the House of Representatives for the 1975 Session. He is a

man of integrity, a man of extreme ability. He has the necessary qualifications of leadership to lead the 1975 House of Representatives through our troubled times, through a Session which the people of our State can not only be proud but will look on with pleasure.

"Back in 1939 through the insistence of my family Representative Green left his native county of Halifax, Virginia, and went to Bladen County, North Carolina, to join a tobacco sales operation. There he met his lovely and gracious wife, Alice. Any of you who know her can readily realize why it became his permanent residence. Virtually since that time, he has been a North Carolinian. It is a most particular pleasure and privilege for me because were it not for that occurrence, most likely he would not be elected Speaker of the North Carolina House of Representatives and most probably Virginia's loss would not be North Carolina's gain. And most probably the people of this State would not receive the benefit of his leadership in continuing the government of this great State as the pattern of many and the envy of all.

"Mr. Secretary, therefore, it is with deep pride and a most particular pleasure that I rise to second the nomination of the gentleman from Bladen, Representative Green, as Speaker of the North Carolina House of Representatives for the 1975 Session."

The nomination is also seconded by Representative Craig Lawing.

"Mr. Secretary:

"When I hear the name James C. Green I am reminded of a retired business executive, when asked the secret of his success, replied that it was summed up in three words: 'And Then Some'.

"He said that he discovered at a very early age that most of the differences between average people and top people could be explained in those three words. The top people did what was expected of them — 'And Then Some'. They were thoughtful of others, they were considerate and kind — 'And Then Some'. They were good friends to their friends — 'And Then Some'.

"And so it is with Jimmy Green. Representative Soles has told you some things about Jimmy Green and I will try not to be repetitious, but a lot can be said about Jimmy Green and still not be repetitious. For those of you who are new here and have never had the pleasure and privilege to know and work with Jimmy — he is small in stature when you compare his physical being with that of Representative DeBruhl, but he is big in heart, long in knowledge and tall in ability.

"There are those among you who may think that the Speaker of the House of Representatives should be an attorney because we are engaged in the business of making laws. This is not necessarily true. While Jimmy may be considered a layman as opposed to an attorney, he is steeped in the tradition, having been an apt student on how the House should be run lo these many years that he has served.

"Jimmy Green is a perfectionist; yet he is tolerant. He does everything just right and he wants others to do the same; yet he is patient with those who are less knowledgeable than he.

"Some people may say that Jimmy Green is mean — and this may be true — but he is also gentle and kind. He is mean where others will not give their all — 'And Then Some' as he does — yet he is understanding and helpful to those who try.

"If Jimmy Green has a fault, the opposition party would say he is a rabid Democrat. But I say to you that the people of North Carolina have given a mandate to the Democrats to govern this State for the next two years and who would make us a better leader than this good Democrat?

"If I were a betting man, I would bet all my worldly possessions 'And Then Some' that one hundred years from now, when our descendants go into the archives and read the history as it is recorded there, that the name of James C. Green will be recorded near the top as one of the best Speakers of the North Carolina House of Representatives of the twentieth century!

"And that is why, with deepest humility and heartfelt pride that I commend James C. Green to you for your favorable consideration and second his nomination as the Speaker of the North Carolina House of Representatives for the 1975 Session of the General Assembly."

There being no further nominations, the Secretary of State declares the nominations closed and requests that the roll of the House be called. The following members vote for Representative Green: Representatives Adams, Auman, Baker, Ballenger, Barbee, Barker, Barnes, Beard, Bell, Bissell, Blackwell, Breece, Bright, Brown, Bumgardner, Bundy, Campbell, Chapin, Chase, Cobb, Collins, Cook, Creech, Cullipher, Davenport, Davis, DeBruhl, DeRamus, Diamont, Dorsey, Eagles, Edwards, Ellis, Enloe, Erwin, Falls, Farmer, Foster, Frye, Gamble, Gardner, Gentry, Gilmore, Gregory, Griffin, Hairston, Harris, Heer, Helms, Hightower, Holmes of Chatham, Holmes of Yadkin, Holt, Hunt of Cleveland, Hunt of Orange, Hunter, Hurst, Huskins, Hutchins, Hyde, James, Jernigan, Johnson of Robeson, Johnson of Wake, Jones, Jordan, Josey, Lachot, Lawing, Leonard, Lilley, Long, Love, McMillan, Mason, Mathis, Messer, Michaux, Miller, Morris, Nash, Nesbitt, Oxendine, Parnell, Phillips, Plyler, Prestwood, Pugh, Quinn, Ramsey, Ray, Revelle, Rhodes, Rogers, Rountree, Sandlin, Sawyer, Setzer, Short, Smith of Forsyth, Smith of Rowan, Smith of Wake, Soles, Spoon, Stevens, Stewart, Tally, Tennille, Thomas, Varner, Ward, Watkins, Webb, White, Wiseman, Woodard, and Wright.

Mr. Green having received all the votes is declared Speaker.

The Speaker, escorted to the Chair by Representatives Baker, Bundy, DeBruhl, Huskins, Love, Messer, and Rogers, takes and subscribes to the following oath of office administered by the Honorable Edward B. Clark, Judge of the North Carolina Court of Appeals.

"I, James C. Green, do solemnly swear that I will support and maintain the Constitution and laws of the United States; and,

"I do solemnly and sincerely swear that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; and that I will endeavor to support, maintain, and defend the Constitution and laws of said State, not inconsistent with the Constitution of the United States, to the best of my knowledge and ability; and,

"I do solemnly swear that I will faithfully discharge my duties as Speaker of the 1975 House of Representatives of the General Assembly of the State of North Carolina to the best of my skill and ability; so help me, God."

The Speaker, Mr. Green, approaches the dais and makes the following remarks:

"Mr. Secretary, Justices of the Supreme Court and Judges of the Court of Appeals, Members of the Council of State, my fellow legislators, and distinguished guests:

"Thank you for the honor and opportunity of serving as Speaker of the House of Representatives for the 1975 General Assembly.

"I love this great State and I accept the Office of Speaker humbly and with deep appreciation, realizing full well the awesome responsibility it carries with it. I will do my very best. Working together we shall do our very best for all of the people of North Carolina.

"My legislative service began in the year 1961 when the people of Bladen County elected me as their Representative. Many of you today are serving your first term as a member of the General Assembly. All of us, together, are serving our respective regions from which we were elected, and all of us together are serving the entire State of North Carolina.

"There are two groups present today whom I especially desire to thank.

"First, my wife — Alice — and our children Sally, Susan, and Jim. I am proud of you and I am grateful to you and for you.

"I am particularly pleased to have them here and to publicly thank them, in your presence, for all of their sacrifices, their love, devotion, and encouragement during my years of service in this august body.

"Next, please permit me to thank the people of my district — embracing Bladen, Columbus and Sampson Counties — for allowing me to serve again during this historic Session.

"Some of my friends and relatives from that area are with us today and I would appreciate your joining me in asking them to stand so that we might give them a warm welcome.

"The Office of Speaker is an important position. In North Carolina we have a tradition of having the Speaker serve for one term, and consequently many persons have served from different regions of the State. This is the first time Bladen County has been the Home of the Speaker — and I am

informed that this is the first time that the counties of my district, the 19th House District, have provided the Speaker for the North Carolina General Assembly — so, I am doubly proud to have these friends from my District join me on this important occasion.

"Let me share with you my views about the urgency that faces this Legislative Body:

"First: The people of North Carolina have elected us to do an important job. The membership of this body consists of more women than previously, more diversity in race than previously, more new faces than usual, but, with a strong contingency of veteran members to offer leadership we shall work together for the people of North Carolina.

"We were elected in a time of economic uncertainty and political unrest. If there has ever been a Session of the General Assembly when the people are going to expect performance, this is it.

"Second: As we begin our work, we must turn our attention from ourselves to the people that we represent. Each of us in this House was elected to serve because the people believe that we can set the pace, that we can provide the leadership for all of our citizens in these uneasy times.

"The average citizen — the average taxpayer — that we represent is making his sacrifice every day in some way.

"Some of these citizens are elderly and are on limited incomes. They must have our help in the form of additional tax benefits, and better food, clothing and shelter.

"Some of these citizens are unemployed, and still more will be unemployed before the year ends, and these citizens must have the necessities of life until they can find suitable work.

"Some of these citizens are children and they must have better education.

"Some of these citizens are ill and they must have health care.

"And, many of these citizens are successful farmers and business and professional people, and they must be given the encouragement and leadership, to continue making North Carolina a better place in which to live.

"Because of the complex factors at work in our national society, we do not presently have sufficient information to project the state of the economy during the coming months. In order to serve the needs of all of the citizens of our State it is my opinion that we must proceed with a special effort in examining economic conditions, and therefore, this Legislature will be expected to form a Special Committee to look into the economy and to report its results for our consideration during the coming weeks.

"Due to the extreme urgency of this matter, I will appoint a Committee on The Economy in this opening Legislative Session, later today.

"Third: I want this Session to devote much attention in examining the role of our State Government, and to look at the efficiency of our numerous programs.

"We must conduct our Government within the framework of no additional taxes. I do not know what the General Assembly will do in the field of tax revision, so we must simply wait and let the legislative process operate, but, when the work is finished, and whatever we do, now more than ever we must get a dollar's worth of services for every tax dollar now being spent.

"We must not add to the burdens of our citizens.

"Therefore, I want this House to examine every program offered by State Government. In committee rooms and on this floor, I want you to constantly ask these questions: Is the program necessary? Is it doing what the legislation intended it to do? Is it a duplication? Should it be cut out altogether?

"As your Speaker, I shall insist on economy in every area of State endeavor. I say again, our people must get full value for every tax dollar and they must get the real services, not lip service or bureaucracy.

"Quite often we hear the Administrators for the State Agencies say: The people demand this . . . the people demand that.

"During this Session, I want you to listen to the people, and let them speak for themselves. I say to you that too many times we vote after hearing the lip service and the bureaucracy, and we don't vote the will of the people.

"In public education, we need less supervisors and more teachers; in our community colleges and technical institutions, we need more emphasis on vocational education.

"In our tax supported universities, we need less administration and more instruction.

"In our Department of Transportation, we need more roads and less bureaucracy.

"What we need is more service and less superiors in our State Government.

"Let me say it this way: Government must serve the people rather than the people serve the Government.

"Fourth: But let me speak of the future —

"It would be unfair to the people of North Carolina for this General Assembly to be afraid of the future.

"Therefore, when we look at our state programs and needs for services, we must boldly strike obsolete programs and supplement new programs that are needed in these times to serve the people.

"We have got to be willing to devote many hours to solving problems and developing programs that will work in 1975 and 1976.

"Before the gavel drops on the 1975 Session we must have come forward with programs to help solve the hardships of our disrupted national economy, and we must offer the leadership to provide food, clothing and shelter and all of the necessities for all of our people, and to keep North Carolina moving so that when this national economic crisis is settled, North Carolina will be out in front where she belongs.

"I personally am ready to accept and am looking forward to this challenge, and to working with every member of this General Assembly in the hope and belief that we can solve many problems confronting our State and our people.

"I am dedicating my efforts toward dignity at all times and fairness to all people.

"Again, I express my appreciation for having been elected to this high office. As your Speaker, I pledge to you that I will work diligently to achieve the goals set forth by this body and I will do everything in my power to assure each of you that the trust and confidence bestowed upon me will be carried forward in a fashion and tradition that will make each of you proud of the accomplishments of the 1975 General Assembly. I shall expect no less from each of you.

"I shall continue to walk humbly with my God as we go about our duties here, and my daily prayer will be that each of us individually and collectively may give to this great undertaking and responsibility the full extent of our talents and abilities. North Carolina wants this, North Carolina deserves this, and we shall respond.

"I thank you."

"We are facing problems of unemployment and inflation that have been unequaled since the depression years. In addition, our citizens are suffering from an energy problem that is national and international in scope, with shortages of natural gas, and increasing costs of other energy sources.

"In addition, a continuing economic downturn will have a decidedly negative impact on our State Government revenue, and a very serious impact on services and programs for our citizens.

"The purpose of this Committee is to develop a sound understanding of the outlook for the North Carolina economy which can be used to create a broad legislative response to current and anticipated economic problems.

"The Committee will accomplish this through holding public hearings, review of recent studies, solicitation of information, and reports of its findings, and the proposal of specific plans of action to the 1975 General Assembly.

SPECIFIC CHARGES

"2. Forecast the amount of revenue likely to be available to State Government in the fiscal years 1975-76 and 1976-77.

"3. Recommend to the Appropriations Committees that level of State spending in the entire Budget, including the Continuation Budget and the Expansion Budget, beyond which it would be detrimental to the economy of North Carolina.

"4. Assess the implications of the economic outlook for employment and personal income throughout the State.

"6. Review State and Federal grants-in-aid and revenue-sharing programs and make recommendations for improvements based on needs of the State economy.

"7. Examine the operation of the recent Emergency Unemployment Compensation Law and its relationship to State laws and make recommendations for necessary modifications.

"8. Review the operation of the public service employment program of both State and local governments in terms of effective use of these Federal funds and efficiency in hiring with a view toward developing improved guidelines for State and local participation.

"9. Examine in detail the conditions of groups of citizens and industries that have been hard-hit by economic conditions and to make recommendations for necessary relief.

"10. Review the effectiveness of State agencies involved in emergency relief programs, including food stamps, for the unemployed and make recommendations for improvements.

COMMITTEE APPOINTMENTS

The Speaker announces the following committee assignment:

BASE BUDGET: Representative Watkins, Chairman; Representatives Bissell, Davenport, DeBruhl, and Miller, Vice Chairmen; Representatives Barbee, Bumgardner, Bundy, Collins, Davis, Diamont, Ellis, Foster, Griffin, Harris, Holmes of Yadkin, Hunt of Cleveland, Hutchins, Johnson of Wake, Josey, Lawing, Leonard, Love, Nesbitt, Oxendine, Ramsey, Ray, Schwartz, Setzer, Smith of Forsyth, and Webb.

Representative Watkins is requested to approach the well of the House where he is presented a gavel and the following charge by the Speaker:

"The Chair presents you with the gavel, signifying your authority as chairman of this committee. The importance of the Base Budget Committee requires that I spend a few minutes explaining its duties and functions.

"The 1975 General Assembly is meeting in a time of economic uncertainty and this will prove to be one of the most important Sessions since the depression years. Almost every matter before the Legislature will affect the economy and the budget of the State in some way.

"Each Member would have a different view on how to tackle our concern about the budget of the State and the economy of the State. In my judgment, the best way to do this is through a special Committee on the Economy, which was announced on the opening day and a special Committee on the Budget.

"The Base Budget Committee shall be a full standing committee with full powers to look into every item of the Base Budget and the Continuation Budget, with the following duties:

"1. To study in detail and by line item each recommendation constituting a part of what is now called the Continuation Budget.

"2. To determine whether or not each line item and program component of the Continuation Budget is necessary and needed or whether it can be deleted or reduced, and to delete or reduce each and every line item in the Continuation Budget recommended, which the committee, in its wisdom, feels should be eliminated or reduced.

"3. In performing this service, the Base Budget Committee shall first require for each Department its recommended Continuation Budget in line-item detail.

"4. After considering and making their determination as to whether each line item is to remain in the Continuation Budget or be deleted, the Base Budget Appropriations Committee shall bring forth to the Floor of the House for consideration by the entire House of Representatives that portion of the Appropriations Bill that has to do with the Continuation Budget.

"5. To review the format of the Appropriations Bill to continue Current Operations, and, if the 1975 General Assembly deems it advisable, be in a

position to rewrite such Appropriations Bill and make it possible for the 1975 General Assembly to pass and appropriate necessary monies in a line-item budget form.

"6. The committee is authorized to work independently of any other committee, but at the same time the committee is directed to coordinate its efforts with the House Committee on Appropriations, which will be handling the Expansion Budget, and the committee shall, wherever feasible, coordinate its work with any Senate Committee on Appropriations.

"This is a new approach to examining the budget. However, the time has come in our history when we cannot afford the luxury of obsolete programs and excessive spending, and even though this committee may create extra work for State Agencies and long hours of work for the Members of the Legislature, this is something that must be done to fulfill our responsibility to the citizens of North Carolina."

The Speaker announces the following committee assignment:

APPROPRIATIONS: Representative Love, Chairman; Representatives James, Messer, Tally, and Thomas, Vice Chairmen; Representatives Auman, Ballenger, Blackwell, Campbell, Chase, Creech, Cullipher, Edwards, Erwin, Gamble, Heer, Holmes of Chatham, Holt, Huskins, Hyde, Johnson of Robeson, Josey, Lachot, Mason, Nash, Ramsey, Revelle, Sandlin, Sawyer, Smith of Wake, Spoon, Tison, Watkins, Woodard, and Wright.

Representative Love is requested to approach the well of the House where he is presented a gavel and the following charge by the Speaker:

"The duties of the Appropriations Committee are great, its burdens heavy, and its responsibilities awesome, under even the best of economic conditions. Today — in 1975 — these duties are greater, the burdens heavier, and the responsibilities even more awesome.

"I charge you that you shall carry out your duties as defined and set out in the Executive Budget Act as modified by the rules of this House.

"You will receive for your consideration the Budget Appropriations Bill.

"You will study in detail, and by line item, each recommended Capital and Expansion item in that bill, in any supplemental requests that you may receive and in all special appropriations bills that may be referred to you.

"You will identify and recommend any new and innovative budget expansions to meet the needs of the people that, in your judgment, can be supported within the funds available.

"In performing your duties you shall require each Department to provide you line-item detail on each recommended Budget Expansion and Supplemental request. You shall be equally as diligent with respect to all special appropriations bills.

"You shall work in cooperation with any House Committee and with any Senate Committee, when it appears appropriate to you to do so, and

you may meet separately from any such committee when to do so will make your work product better and will bring benefits to the people of our State. In this respect, you are to be mindful of the duties of, and the charge to, the Base Budget Committee and the duties imposed upon the Senate Appropriations Committee.

"I especially charge you that you shall remain aware of the fact that no bill becomes law until it passes both Bodies of this General Assembly in identical form, and that you shall work toward that end on all bills coming before you."

The Speaker announces the following committee assignment:

FINANCE: Representative Ramsey, Chairman; Representatives Baker, Eagles, Hunter, Morris, and Stevens, Vice Chairmen; Representatives Adams, Barker, Barnes, Beard, Bell, Breece, Bright, Brown, Chapin, Cobb, Cook, DeRamus, Dorsey, Enloe, Falls, Farmer, Frye, Gardner, Gentry, Gilmore, Gregory, Hairston, Helms, Hightower, Hunt of Orange, Hurst, Jernigan, Jones, Jordan, Josey, Lilley, Long, Love, McMillan, Mathis, Michaux, Parnell, Phillips, Plyler, Prestwood, Pugh, Quinn, Rhodes, Rogers, Rountree, Short, Smith of Rowan, Soles, Stewart, Tennille, Varner, Ward, Watkins, White, and Wiseman.

Representative Ramsey is requested to approach the well of the House where he is presented a gavel and the following charge by the Speaker:

"Representative Ramsey, the Chair is entrusting to you and to the members of your committee the responsibility for consideration of such legislation which affects or may affect the revenue of our State that may be introduced during this Session. The economic health of our State, while sound, is threatened by the larger economic crisis which exists in our nation. You are instructed to use utmost diligence to assure that our State's revenue capacity remains able to adequately fund necessary services. The high reputation of the State of North Carolina for fiscal integrity must never be compromised. You are further instructed to assure that our revenue laws spread the tax burden fairly among all our citizens. The Chair appreciates your willingness to serve and wishes you well in your work."

"The Chair requests the Rules Committee to consider as soon as practicable appropriate changes in the House rules to accommodate the revised appropriations structure. Until such time as this change can be effected, the Base Budget Committee shall act as a Select Committee of the House."

COMMITTEE ASSIGNMENTS

The Speaker announces the following committee assignments:

JUDICIARY No. 1: Representative Rogers, Chairman; Representatives Brown and Holmes of Chatham, Vice Chairmen; Representatives Cook, Creech, Hairston, Helms, Hunt of Orange, Hyde, Josey, Leonard, Love, Miller, Revelle, Rountree, and Wright.

JUDICIARY No. 2: Representative Soles, Chairman; Representatives Harris and Smith of Wake, Vice Chairmen; Representatives Barnes, Cobb, Davenport, Erwin, Johnson of Wake, Josey, Long, Morris, Ray, Stevens, Tison, and Watkins.

JUDICIARY No. 3: Representative Farmer, Chairman; Representatives Blackwell and Sawyer, Vice Chairmen; Representatives Adams, DeRamus, Frye, Gamble, Hutchins, Jones, Josey, Michaux, Oxendine, Quinn, Short, Stewart, and Tally.

Representatives Rogers, Soles, and Farmer are requested by the Speaker to approach the well of the House where they are presented gavels and the following charge:

"Gentlemen, you three will chair the all important House Judiciary Committees. Judiciary Committees have in the past received technical and complicated legislation which cuts across the entire spectrum of the statutory law of our State. This Session will be no different from the standpoint of volume and complexity of bills.

"Your work and your procedures will be different, however, because of the decision of the Chair to provide for three such committees instead of the traditional two, and of the decision to include laymen on these committees.

"It is the feeling of the Chair that three smaller committees can work more efficiently than two larger ones. Laymen on your committees should provide an added perspective for you lawyers. These laymen will in turn learn much from their work and be able to better interpret their added understanding to the general membership.

"Continue the tradition of excellence which has come to be expected of Judiciary Committees as you fairly and efficiently proceed with your work."

The Chair acknowledges that the temporary rules do not provide for three Judiciary Committees, and states that until such time as permanent rules are adopted, the Committee on Judiciary No. 3 shall act as a select committee and shall act with authority and responsibility comparable to other present standing Judiciary Committees.

The Speaker announces the following committee assignment:

MENTAL HEALTH: Representative Barker, Chairman; Representatives Chase, Nash, and Tally, Vice Chairmen; Representatives Beard, Bell, Blackwell, Cook, Creech, Josey, Prestwood, Pugh, Setzer, Soles, Spoon, Varner, and Wiseman.

Representative Barker is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Barker, you are a veteran Member of this House. You have a broad understanding of the concerns of the people of our State, based on your years of legislative service and on your distinguished Naval career. You have also made the subject of drugs, drug abuse, and mental health your special concern. It is only natural that you be asked to chair this important Committee.

"You and the members of your Committee are charged to consider carefully such legislation as may be referred to you. You should also study and consider on your own the existing framework of law which governs and affects the subject of mental health and the institutions of our State which care for our mentally ill. This study is essential to your proper understanding of legislation referred to your Committee and may serve to be the basis for new legislation which you may find to be required. The Chair has confidence in your experience and judgment and in your ability to conduct the work of the Mental Health Committee fairly and efficiently."

The Speaker announces the following committee assignment:

PUBLIC UTILITIES: Representative Miller, Chairman; Representatives Quinn, Rountree, and Schwartz, Vice Chairmen; Representatives Barnes, Bumgardner, Campbell, Collins, DeBruhl, Falls, Frye, Hightower, Huskins, Hutchins, Jernigan, Josey, Lawing, Long, Morris, Parnell, and Sandlin.

Representative Miller is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Miller and members of the Committee on Public Utilities, it would be difficult to exaggerate the widespread public concern present today in North Carolina about the high cost of electricity and other utilities. It would likewise be difficult to discover a more complicated legal problem than that of rate-making for public utilities. Added to this is our present National and State economic condition, truly an economist's nightmare — rampant inflation and debilitating recession.

"It is little wonder then that frustration, distrust, and confusion abound in our State.

"The people are crying out for help. They are talking to this General Assembly. They want answers.

"It is our duty to respond — to respond to the problems and to respond to the people.

"It may well be true that we can do little. But what little we can do, we should do — we must do.

"And we should do whatever we do in a calm, impassionate, and statesmanlike manner.

"We should avoid the role of the rabble rouser and promise nothing which is not ours to give. It is not a part of our duty to make whipping boys out of public utilities — or anyone else! But we should never be deaf to the cries of the poor, the old, those on fixed incomes and the helpless — all who suffer now from the cruel enemies of inflation and recession.

"The newly-formed Committee on the Economy is already breaking new ground. It has been charged with the duty of making a broad study of the economy and recommending, on a broad scale, proposed action by this House. I charge you to keep yourself fully informed of the work of that Committee and to respond specifically to its general findings and recommendations.

"You will, of course, receive many bills for your consideration, but there is more. I charge you not only to consider those specific bills coming before you but to make a study of the cost of those necessary utilities to our people today. In doing this you will find it necessary to study and to consider the whole rate-making process now invited in our Statutes. Likewise, you will find it necessary to study the structure of our present Utilities Commission and, if you find it to be beneficial to all of the people of this State, you should undertake a complete study of the structure of our law which touches upon utilities and the rate-paying public.

"I know that I am asking a great deal of you. So are the people.

"I have been told by those I trust that yours will probably be the most watched of all of the committees in this House. I charge you to work diligently, to be firm, to be fair-minded and to keep your duty as representatives of the people always before you in your deliberation."

The Speaker announces the following committee assignment:

WATER AND AIR RESOURCES: Representative Stewart, Chairman; Representatives Gentry, Smith of Wake, and White, Vice Chairmen; Representatives Baker, Ballenger, Collins, Ellis, Enloe, Holt, Jones, Josey, Messer, Stevens, Tennille, Ward, Webb, and Wiseman.

Representative Stewart is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Stewart and members of the Committee on Water and Air Resources, your Committee has become one of major importance during recent Legislative Sessions. The concern by citizens of our State over the wise and proper use of our natural resources has been reflected in the volume and variety of legislation affecting these matters which your Committee has considered. The 1975 Session will see a continuation of concern in legislation touching on land management for our mountain areas as well as other legislation involving many other areas of concern to the ecology of the State. In your deliberations take care that we utilize properly our

precious resources, while being always mindful of the need to protect those resources so that future generations may enjoy them."

On motion of Representative Stevens, H. B. 3, A BILL TO BE ENTITLED AN ACT TO REPEAL CHAPTER 1041 OF THE 1973 SESSION LAWS (SECOND SESSION, 1974) WHICH ACT AMENDED G. S. 62-133(c) TO ALLOW THE NORTH CAROLINA UTILITIES COMMISSION, IN ESTABLISHING PUBLIC UTILITY RATES, TO USE A TEST PERIOD OF 12 MONTHS COMMENCING ON THE FIRST DAY OF THE MONTH FOLLOWING THE DATE THE RATES ARE PROPOSED TO BECOME EFFECTIVE, is withdrawn from the Committee on Rules and Operation of the House and recommitted to the Committee on Public Utilities.

S. 108-29 PRIOR TO APRIL 16, 1973, is withdrawn from the Committee on Rules and Operation of the House and recommitted to the Committee on Judiciary No. 3.

On motion of Representative Stevens, H. B. 22, A BILL TO BE ENTITLED AN ACT TO MAKE A TECHNICAL AMENDMENT IN THE LAW RELATING TO THE QUALIFICATIONS OF AN APPLICANT FOR CERTIFICATION AS A CERTIFIED PUBLIC ACCOUNTANT, is withdrawn from the Committee on Rules and Operation of the House and recommitted to the Committee on Judiciary No. 1.

On motion of Representative Stevens, H. J. R. 24, A JOINT RESOLUTION CONTINUING THE CRIMINAL CODE COMMISSION, is withdrawn from the Committee on Rules and Operation of the House and recommitted to the Committee on Judiciary No. 2.

"It would be well for you to become acquainted with the whole question of the reorganization of State Government, especially as it relates to institutions for the blind and deaf.

"If problems have arisen or if they should arise because of reorganization, come to know these problems. Seek out answers to those problems. Bring them to the floor of this House.

"Your task will not be easy. I am confident that you will do your work well."

The Speaker announces the following committee appointment:

ELECTION LAWS: Representative Gentry, Chairman; Representatives Frye and Jones, Vice Chairmen; Representatives Adams, Barbee, Barker, Breece, Brown, Chapin, Cobb, DeRamus, Enloe, Gilmore, Jordan, Josey, Mason, Messer, Ramsey, and Spoon.

In view of the fact that Representative Gentry is on leave, the Speaker announces that his gavel and charge will be presented at a later date.

The Speaker announces the following committee appointment:

HEALTH: Representative Chase, Chairman; Representatives Phillips and Woodard, Vice Chairmen; Representatives Bissell, Cullipher, Farmer, Gamble, Heer, Hunt of Orange, Josey, Prestwood, and Varner.

Representative Chase is requested by the Speaker to approach the well of the House where she is presented a gavel and the following charge:

"Mrs. Chase and Members of the Health Committee: The care of our sick, disabled and infirm is a matter of continuing importance to the people of this State. Mrs. Chase, you have chaired this committee in previous sessions and you know well the significance and importance of its work. The structure of laws which govern and regulate our health care institutions come under your purview. Your committee will continue to receive much legislation affecting these institutions as this General Assembly attempts to meet the changing needs of our people. Proceed now with your work always acting fairly and efficiently as you concern yourselves with the health care of the people of this State."

The Speaker announces the following committee appointment:

STATE GOVERNMENT: Representative Jernigan, Chairman; Representatives Bumgardner, Gregory, Hunt of Orange, and Webb, Vice Chairmen; Representatives Barbee, Beard, Brown, Chapin, Davenport, Diamont, Hightower, Hyde, Johnson of Wake, Josey, Lachot, Nash, Ramsey, Setzer, and Schwartz.

Representative Jernigan is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Jernigan and Members of the Committee on State Government: Unlike every other committee in this House, your committee has

a deadline. The people of North Carolina through a constitutional amendment have declared that State Reorganization must be completed. It is a difficult and sensitive task.

"The taxpayers of this State and indeed of the whole Nation are crying out for efficiency in government. They deserve no less. I charge you to build carefully, to build for the future and to build with our taxpayers in mind. They have demanded efficiency; we must give it to them.

"Already there are those not satisfied with the work done by this General Assembly in this field. Perhaps some will never be satisfied. No man can please all of the people even part of the time, so I presume that it is best to do that which squares with your conscience as you proceed. I charge you to complete the task, to do it in the best interest of all of the people and to do it expeditiously."

The Speaker announces the following committee appointment:

TRANSPORTATION: Representative Barbee, Chairman; Representatives Falls, Gentry, and White, Vice Chairmen; Representatives Chapin, Enloe, Gregory, Holmes of Chatham, Hunter, Huskins, Josey, Morris, Ramsey, Revelle, Rogers, Schwartz, Smith of Forsyth, Soles, Thomas, and Tison.

Representative Barbee is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Barbee and Members of the Transportation Committee: The problem of construction, maintenance and upgrading of roads in North Carolina has reached crisis proportions. The structure of law under which the Department of Transportation operates is the responsibility of this General Assembly. Last Session saw much progress in this respect, but present problems cry out for continued attention. You are a Legislator with many years of experience. The members of your committee have been chosen carefully to provide a cross section of the people of our State. I charge you all to examine and re-examine the structure of laws under which the Department of Transportation operates. Give careful consideration to such proposals as may come before you and be always receptive to innovative approaches to the problems of transportation."

The Chair acknowledges that the name "Transportation Committee" is different from the "Roads Committee" as provided in the temporary Rules of the House and states that until such time as the permanent rules are adopted, the Transportation Committee shall act as a select committee with full power and authority of a regular standing committee.

COMMITTEE APPOINTMENTS

The Speaker requests Representative Gentry, Chairman of the Election Laws Committee, to approach the well of the House where he is presented a gavel and the following charge:

"Representative Gentry, you are a senior member of this General Assembly with many sessions of service. You have chaired this committee before and your service was characterized by your conscientious fairness and devotion to duty. As you know, last Session saw a long needed, and drastic overhaul, of the campaign financing law of North Carolina, as well as other technical changes to the General Elections Act. You may well find more refinements in our election laws to be necessary and desirable. Election laws which are scrupulously fair, impartial, and workable are vital to good government in North Carolina. I charge you to act responsibly, fairly, and

efficiently as you consider refinements to our existing law and, as to such other new legislation in this area which you will undoubtedly receive during the course of this Session."

The following committee appointment is announced by the Speaker:

BANKS AND BANKING: Representative Baker, Chairman; Representatives Collins, Gardner, Schwartz, and Short, Vice Chairmen; Representatives Beard, Bright, Griffin, Heer, Johnson of Wake, Josey, Lachot, Mathis, Morris, Revelle, Rountree, Setzer, and Tennille.

The Speaker requests Representative Baker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Baker and Members of the Banks and Banking Committee:

"You who have served in previous sessions know only too well the heavy obligations which are always placed upon the House Banks and Banking Committee. Legislation affecting banks and financial institutions is always of a sensitive and far reaching nature. The balancing of the interests between the legitimate concerns of the financial community and of the average citizen of the State is always a most difficult task.

"Representative Baker, you have had much experience in this General Assembly and on the Banks and Banking Committee. I charge you and the members of your committee to be most careful and totally fair as you consider and deliberate upon the sensitive legislation which will undoubtedly be referred to you during this Legislative Session. The Chair has confidence in your ability and wishes you well in your work."

The following committee appointment is announced by the Speaker:

CORRECTIONS: Representative Hightower, Chairman; Representatives Johnson of Robeson, Oxendine, Tally, and Tison, Vice Chairmen; Representatives Auman, Bell, Cook, Davenport, Diamont, Erwin, Helms, Josey, Leonard, Mathis, Michaux, Plyler, Prestwood, Spoon, Varner, and Webb.

The Speaker requests Representative Hightower to approach the well of the House where he is presented a gavel and the following charge:

"Representative Hightower and Members of the Committee on Corrections:

"The work of your committee will most certainly be difficult. It holds little that could be called glamorous. Nevertheless, it is work that must be done; it is absolutely essential.

"You will be dealing, indeed, with the failures of our society. Punishment, parole, probation — these are not happy words. But you must deal with them — not with words only, but also with the realities which these words contain. Misdemeanor and felony and youthful offender — these, too, are in the jurisdiction of your committee. You must consider the Courts and the prisons, the policies of work release and of prison labor, of parole and probation, of rehabilitation and disparity of punishment.

"You will find yourselves facing an economic recession, a rising crime rate and overcrowded prisons. No doubt you will be buffeted by the cross winds of differing philosophies concerning the whole field of crime and punishment. The issues you will face will all too often present only hard choices. Some will call for more money, some for less. Some will call for more work release, more probation, more parole; others will call for less. You may even find rivalries within State Agencies falling within your jurisdiction.

"I charge you to listen to all, to consider fairly and carefully, and to bring your recommendations to us.

"Where a society has decided that punishment for crime must be meted out, there is no better definition of real criminal justice than this: That punishment be swift, that it be certain and that it be evenhanded.

"I charge you to keep this in mind in your deliberation."

The following committee appointment is announced by the Speaker:

HIGHER EDUCATION: Representative Huskins, Chairman; Representatives Hunt of Orange, Rountree, and Woodard, Vice Chairmen; Representatives Breece, Chase, Frye, Helms, Hunter, Jernigan, Josey, Nesbitt, Oxendine, Phillips, Quinn, Schwartz, Smith of Rowan, Stevens, and Stewart.

The Speaker requests Representative Huskins to approach the well of the House where he is presented a gavel and the following charge:

"Representative Huskins and members of the Higher Education Committee:

"North Carolina has become a leader among the States in its creation and maintenance of superior institutions of higher learning. The people of North Carolina take pride in all of her universities. They have been willing to invest a large amount of money in building and improving them. All of this has not come about, however, without controversy. Our present structure of higher education, the Board of Governors, was forged out of the heat of one of the most intense Legislative Sessions in the memory of this State.

"Representative Huskins, you have a long record of interest and concern in these institutions. I charge you and the members of your committee to act responsibly as you do the work of this Session assigned to you, being especially mindful of the need to treat each of our institutions fairly and evenhandedly in order that the best interest of the people of this State may be promoted."

The following committee appointments are announced by the Speaker:

LOCAL GOVERNMENT No. 1: Representative Collins, Chairman; Representatives Bell, and DeBruhl, Vice Chairmen; Representatives Chase, Cook, Dorsey, Ellis, Holmes of Yadkin, Holt, Hurst, Josey, Long, Thomas, and Wright.

LOCAL GOVERNMENT No. 2: Representative James, Chairman; Representatives Gardner, and Revelle, Vice Chairmen; Representatives Ballenger, Cullipher, Farmer, Griffin, Josey, Leonard, Mathis, Nash, Nesbitt, Ray, and Tennille.

The Speaker requests Representatives Collins and James to approach the well of the House where they are presented gavels and the following charge:

"Representatives Collins and James, the Chair has selected you to head the Local Government Committees in recognition of your unique abilities and your experience both as legislators and as interested students of local government. Accordingly, the members of your committees have been carefully chosen in order that all of the people of our State will be properly represented on these important committees.

"Before Home Rule legislation, which was passed some few Sessions ago, the Local Government Committees were flooded with much legislation which was of varying degrees of importance. Now, while the volume is somewhat reduced over that of prior Sessions, the legislation which is referred to these committees is of greater significance. The work which is done by these committees represents the closest and most direct link that State Government has with Local Government. Be careful, fair and expeditious as you go about your work in this 1975 Session."

The following committee appointment is announced by the Speaker:

MILITARY AND VETERANS' AFFAIRS: Representative Woodard, Chairman; Representatives Barker, and Lilley, Vice Chairmen; Representatives Breece, Bumgardner, DeBruhl, Hunt of Cleveland, Josey, Parnell, Prestwood, Sawyer, and Wright.

The Speaker requests Representative Woodard to approach the well of the House where he is presented a gavel and the following charge:

"Representative Woodard and members of the House Committee on Military and Veterans' Affairs:

"North Carolina is unique both in the number and size of military installations in the State and in the number of retired military personnel who live within its borders. This General Assembly is called upon to consider much special legislation which has a direct effect upon the active military personnel in those installations and upon the affairs of those retired military people. That legislation during the 1975 Session will be referred to your committee. The Chair has confidence in your ability, Representative Woodard, and in the ability of the members of your committee to proceed fairly and promptly with such special legislation as you may receive dealing with these matters. Remember always that those installations are a valuable resource and those people important citizens of our State."

The following committee appointment is announced by the Speaker:

NATURAL AND ECONOMIC RESOURCES: Representative Mason, Chairman; Representatives Gilmore, and Nash, Vice Chairmen; Representa-

tives Auman, Chapin, Dorsey, Griffin, Hairston, Heer, Holmes of Chatham, Holt, Hurst, Josey, Pugh, Rhodes, Ward, Webb, and White.

Due to the absence of Representative Mason, the Speaker will present a gavel and charge at a later date.

The Speaker acknowledges that the name "Natural and Economic Resources Committee" is different from "Conservation and Development Committee" as provided in the Temporary Rules of the House and states that until such time as the Permanent Rules are adopted, the Natural and Economic Resources Committee shall act as a select committee with full power and authority of a regular standing committee.

On motion of Representative Stevens, seconded by Representative Griffin, the House adjourns to reconvene January 30, 1975 at 1:00 P.M.

COMMITTEE APPOINTMENTS

NATURAL AND ECONOMIC RESOURCES: Representative Mason, Chairman; Representatives Gilmore and Nash, Vice Chairmen; Representatives Auman, Chapin, Dorsey, Griffin, Hairston, Heer, Holmes of Chatham, Holt, Hurst, Josey, Pugh, Rhodes, Ward, Webb, and White.

Representative Mason, Chairman of the Natural and Economic Resources Committee, is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Mason and members of the Committee on Natural and Economic Resources:

"You will notice first that the name of your committee has been changed from the Committee on Conservation and Development to the Committee on Natural and Economic Resources. The Chair has previously commented on the necessary rule changes.

"As the new name implies, the scope of the work of your committee is now broader. At the same time it should not infringe upon the work of the Committee on Water and Air Resources.

"Your committee will deal with the important question of development and growth in our State. It is well that, at the same time, you will also deal with the broad areas of conservation of our natural resources. Not only that, but you are also charged with the consideration and the care of our economic resources. Let development improve the lives of our people; do not let it become their enemy. Keep aware of the workings of other committees — such as the new Committee on the Economy — and work toward smooth cooperation with these committees.

"Our people look to you as guardians of their welfare. I know you will prove worthy of their trust."

The Speaker announces the following committee appointment:

ALCOHOLIC BEVERAGE CONTROL: Representative Eagles, Chairman; Representatives Bundy and Lilley, Vice Chairmen; Representatives Cobb, Edwards, Gamble, Johnson of Robeson, Josey, McMillan, Nash, Smith of Rowan, Spoon, and Tison.

Representative Eagles is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Eagles and members of the Committee on Alcoholic Beverage Control:

"The Laws relating to the use and control of alcoholic beverages in this State have been developed and refined over a long period of time and are the product of many hours of work and debate in this General Assembly. It would be difficult to imagine any subject about which the people of our State have more sharply-differing opinions. You may expect that almost every bill you receive this Session will have implications which will spark debate and controversy both in this House and in your committee.

"Many of the people of our State believe that alcoholic beverages ought not to be a controlled product and should be openly sold and dispensed. Others feel strongly that it should not even be permitted in the State. Apparently the majority feel that they ought to be allowed in the State only under a very rigid system of control. Our present laws largely reflect that attitude.

"The Chair is cognizant of the fact that the work of this committee is not always the most popular. Yet, it is essential that the product of your work be the result of the most painstaking and careful consideration. Be expeditious and fair in all that you do and know that you have the confidence of the Chair in your endeavors."

The Speaker announces the following committee appointment:

COMMERCIAL FISHERIES AND OYSTER INDUSTRY: Representative Bright, Chairman; Representatives Mason and White, Vice Chairmen; Representatives Ballenger, Dorsey, Holt, James, Josey, Plyler, Rhodes, Sandlin, and Ward.

Representative Bright is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Bright and members of the Committee on Fisheries and Oyster Industry:

"Our State is truly blessed with its long eastern coastline along the great Atlantic Ocean. This ocean brings to North Carolina's shores riches and abundance of incalculable value. Yet it is a delicate and finite resource and as such requires the careful preservation and protection of such law of North Carolina as the State has within its power to provide. The Chair charges you not only to consider carefully such legislation as might be referred to you as indeed you will, but to consider and study on your own the extent and significance of the fishing and oyster industry to our State. Have hearings, find facts, develop what in your judgment should be a proper course for our State to follow in the years ahead as it attempts to preserve and promote this most valuable resource."

The Speaker announces the following committee appointment:

CONSTITUTIONAL AMENDMENTS: Representative Campbell, Chairman: Representatives Huskins and Jones, Vice Chairmen; Representatives Bundy, Cook, Davenport, DeRamus, Gilmore, Harris, Hutchins, Josey, Michaux, Nesbitt, Ray, Rogers, Smith of Wake, and Stewart.

Representative Campbell is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Campbell and members of the Constitutional Amendments Committee:

"All our people know the importance of your committee. Already bills have been introduced which will be referred to you for your consideration. I charge you that when those bills come before you, you shall consider them with care and with a knowledge of our history. Treat all who come before you with courtesy, with patience, and with understanding.

"Consider all bills carefully and report your recommendations to this House."

The Speaker announces the following committee appointment:

CORPORATIONS: Representative Gardner, Chairman; Representatives Lilley and Morris, Vice Chairmen; Representatives Barnes, Bell, Creech, Holmes of Yadkin, Jordan, Josey, Leonard, and Setzer.

Representative Gardner is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Gardner and members of the Corporations Committee:

"In 1955 this General Assembly enacted a modern and comprehensive Corporation Act. It has served the State and its corporate citizens well for almost twenty years. It will be the responsibility of your committee, and I charge you, to consider carefully such legislation as may come before you

during this Session which affects this Corporation Act. Change not for changes sake, but be ever willing to improve if you should find that improvements in this Act would promote the over-all best interest of the people of our State.

"The Chair appreciates your willingness to serve and charges you to be always fair and efficient in your work."

The Speaker announces the following committee appointment:

HIGHWAY SAFETY: Representative Sawyer, Chairman; Representatives Blackwell, Bright, and Gregory, Vice Chairmen; Representatives Bissell, Cobb, Davis, Edwards, Erwin, Farmer, Foster, Harris, Hunt of Cleveland, Josey, Miller, Pugh, Short, Spoon, Wiseman, and Wright.

Representative Sawyer is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Sawyer and members of the Highway Safety Committee:

"It was not by accident that this committee has been named 'Highway Safety' rather than 'Traffic Laws' although it does, indeed, concern itself with the Statutes of North Carolina dealing with the control and regulation of motor vehicles. The term 'highway safety' says to the people of this State that their General Assembly is concerned about the automobile accident rate and tragic highway deaths just as it is concerned about the smooth and orderly flow of traffic on our streets and highways. You and your committee will receive a large amount of legislation which will cover the entire range of our motor vehicles statutes. Some of it will be good legislation and some of it will not. Much of it will undoubtedly require extensive committee work and redrafting. Go about your work of handling this heavy workload fairly and efficiently and always bear in mind that the work you do can have a direct impact on the future safety and welfare of the motoring public in North Carolina."

The Speaker announces the following committee appointment:

HUMAN RESOURCES: Representative Johnson of Robeson, Chairman; Representatives Frye and Harris, Vice Chairmen; Representatives Creech, Cullipher, Foster, Josey, Mathis, McMillan, Nesbitt, Oxendine, Pugh, Smith of Forsyth, Tally, Varner, and Wiseman.

Representative Johnson of Robeson is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Johnson and members of the Committee on Human Resources:

"Common decency and humanity enjoins us to care for the poor and the needy, the widows and the orphans, the old and downtrodden, and, indeed, all of those bereft of the necessities of life. This has been our bounden duty from olden times — from the time when the memory of man runs not to the contrary. That is still our duty today.

"Yet all too often, it seems, our will to do our duty is thwarted by the mystery of red tape, the maze of official guide lines, and the welter of official language and in programs and policies which tend to benefit government workers but not the truly needy.

"We should cut unnecessary expenses but never to the harm of those who are truly needy.

"It will be the duty of your committee to work and to study, to cut through the red tape of bureaucracy and truly to serve those who need our help.

"Be frugal with our money, but be kind to those we serve. Be thrifty, but not stingy. Be true guardians to the wards of our State.

"Yours has been a long history of service to your State and to our fellow man. I charge you to continue what you have done so well for so long.

"Be firm, be fair, be expeditious."

The Chair acknowledges that the name of this committee is inconsistent with the present Temporary Rules of the House and states that until such time as Permanent Rules can be established, the Committee of Human Resources shall act as a select committee with full power and authority as a regular standing committee.

The Speaker announces that Representative McMillan has been named as an additional member of Judiciary No. 2 Committee.

COMMITTEE APPOINTMENTS

The Speaker announces the following committee appointment:

EMPLOYMENT SECURITY: Representative Morris, Chairman; Representatives Gilmore, and Jernigan, Vice Chairmen; Representatives Bumgardner, Erwin, Hairston, Jordan, Josey, Lachot, Long, Messer, Rhodes, Smith of Forsyth, Varner, and Webb.

Representative Morris is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Morris and Members of the Committee on Employment Security:

"This State today faces a greater problem of unemployment than it has since the days of the Great Depression. The concern of our unemployed citizens and those who are underemployed is properly the concern of this General Assembly.

"We recognize that we cannot control world-wide and nation-wide forces so grievously affecting our economy. Yet we do have some means through our Employment Security Laws and related laws of giving partial relief to our people. It will be the duty of your committee to study these laws, to ferret out inequities and to find appropriate remedies. These laws are highly technical and require time and study for proper understanding. Your committee should spend that time and engage in that study. Bills will be referred to you for your consideration. Numerous matters will be brought to your attention and suggestions will be made that, in the judgment of your committee, may require the further drafting of bills. I charge you to keep the welfare of all our citizens in mind and to report your recommendations to this House."

The Speaker announces the following committee appointment:

STATE PROPERTIES: Representative Thomas, Chairman; Representative Phillips, Vice Chairman; Representatives Barnes, DeBruhl, Dorsey, Edwards, Hightower, Josey, Rountree, and Ward.

Representative Thomas is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Thomas and members of the Committee on State Properties:

"You must first know that the Chair is by this appointment creating a new committee to replace the old Building and Grounds Committee. The traditional role and responsibilities of Building and Grounds Committee simply did not meet the demand which the Chair will expect of your committee this Session. Accordingly, your committee will act as a select committee with full authority of standing committees until such time as the Temporary Rules can be amended to reflect this change.

"Representative Thomas, this committee must do much more than merely consider fairly and with dispatch the legislation which may be referred to it this Session — it must view with a fresh perspective those concepts of State law and practice regarding the property which is rented, leased, and used by the State in providing services to the people. It must be willing to travel and permit its members to see and examine for themselves the extent to which those assets owned by our State are being properly and efficiently utilized.

"State Government has grown rapidly over recent years in response to the increased demand by the people for services. Accordingly, State Government and ownership and use of property has increased. Examine all of this to make certain that the State always utilizes to the maximum advantage its property resources. The Chair appreciates your willingness to assume this important task."

On motion of Representative Stevens, seconded by Representative Johnson of Robeson, the House adjourns to reconvene Monday, February 3, 1975 at 8:00 P.M.

COMMITTEE APPOINTMENT

The Speaker announces the following committee appointment:

PROFESSIONAL LAW ENFORCEMENT PERSONNEL AND PRACTICE: Representative Holmes of Chatham, Chairman; Representatives Blackwell, Rountree, and Smith of Wake, Vice Chairmen; Representatives Barker, Cullipher, Eagles, Ellis, Erwin, Hunter, Hyde, Josey, Lawing, Revelle, Spoon, and Stevens.

Representative Holmes of Chatham is requested to approach the well of the House where he is presented a gavel and the following charge:

"You will notice, of course, that your committee is a select committee of the House. It is to have full power of a standing committee and you can rest assured that it will have the full support and the active aid of the Speaker's office.

"Over the last several years — and particularly in the last two decades — there have been profound and far-reaching changes in criminal law and procedure, crime detection, enforcement of the criminal laws, preparation and training of law enforcement personnel, their recruitment, pay, and retirement, and, in fact, the whole field of criminal law. The crime rate has steadily increased; North Carolina has seen more and more the advent and presence of the professional criminal; the technique of criminals has become more sophisticated.

"At the same time, the courts have articulated again and again the rights of accused persons. The work of the law enforcement officer has become more and more exacting.

"Clumsy, shoddy, or unprofessional crime detection or processing has a devastating effect on the criminal justice system — it permits the guilty to go free and occasionally places the innocent in jeopardy of their liberties.

"While we must support and defend the fundamental legal rights of every accused person, we must also protect society. We must afford to our law enforcement officers the training, the tools and the support needed to do the work required.

"No sensible person truly wants a police state. Enforcement of the criminal law depends upon a citizenry willing to do its part. An attitude of 'don't get involved' is the death blow to a democratic society and particularly to a fair enforcement of law.

"The people of North Carolina — and this General Assembly — have moved to meet the challenges of a soaring crime rate, professional criminals, organized crime, and the low pay, lack of training, lack of professionalism in law enforcement, and the lack of citizen participation in applying our criminal laws. But the effort has been, all too often, uncoordinated and uncooperative, too little, too late, and too splintered in its approach to the problem.

"We cannot open up to an eager child the beauty of poetry or the mysteries of nuclear physics until we have taught him how to read. We cannot expect an axeman to cut down a tree expeditiously if we give him a dull axe and prohibit to him the use of a file. We cannot expect miracles from law enforcement officers if we continue low pay and lack of training, and encourage slovenly and sloppy work by denying him citizenry cooperation.

"Only recently we have moved toward State aid to cover minimum pay. We have encouraged training through academies and seminars. But our support has been halting, at best.

"Take these problems and deal with them. Make your studies so thorough and your recommendations so lasting that there will be no need for a standing committee on this subject.

"The people of North Carolina look to you for the proper answers."

Representative White is named as a Vice Chairman of the Committee on Local Government No. 1 by the Speaker.

On motion of Representative Stevens, seconded by Representative Soles, the House adjourns to reconvene February 4, 1975 at 1:00 P.M.

S. B. 38, A BILL TO BE ENTITLED AN ACT TO AUTHORIZE THE DAVIDSON COUNTY BOARD OF EDUCATION TO CONVEY OR LEASE CERTAIN REAL PROPERTY, is read the first time and is referred to the Committee on Local Government No. 1.

COMMITTEE APPOINTMENTS

The Speaker announces the following committee appointment:

COURTS AND JUDICIAL DISTRICTS: Representative Hyde, Chairman; Representatives Brown, Rogers, and Short, Vice Chairmen; Representatives Blackwell, Cobb, Davenport, Erwin, Farmer, Griffin, Hairston, Harris, Helms, Holt, Huskins, Hutchins, Josey, McMillan, Michaux, Ramsey, Rountree, Smith of Wake, Soles, and Tally.

Representative Hyde is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Hyde and members of the Courts and Judicial Districts Committee:

"North Carolina has long been noted for its concern over the administration of justice. Since the late 1950s this State has completely revised its system of Trial and Appellate Courts. We can be truly proud of the General Court of Justice and the uniformity in handling the numerous civil and criminal cases throughout the State.

"However, the court dockets are still crowded in many instances. Too many citizens complain about the delay in their trials. And quite too often, also, criminal trials are not swift.

"Representative Hyde, as a veteran Member of this General Assembly and as an experienced attorney, you are well qualified to be Chairman of the Committee on Courts and Judicial Districts.

"In general, I ask that you look into the entire range of our judicial system. In particular, I ask that you do the following:

"(A) Study in detail the merit selection legislation which will be introduced this Session, and bring to the Floor of the House a bill that is worthy of consideration and debate. As you will recall, this legislation was fully debated during the previous Session, and I am certain it will require much of our attention before we adjourn this Session.

"(B) Consider the number of judges throughout the State, and determine what areas, if any, require additional or special judges.

"(C) Look into the handling of cases in court, and determine if changes are needed.

"(D) Consider the numerous bills that will be introduced and referred to your committee and, remember, that our system of government can be no stronger than our system of courts."

The Speaker announces the following committee appointment:

MANUFACTURERS AND LABOR: Representative Tison, Chairman; Representatives Hunt of Cleveland, Michaux, and Quinn, Vice Chairmen; Representatives Ballenger, Beard, Diamont, Heer, Jordan, Josey, Love, Morris, Plyler, and Sandlin.

Representative Tison is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Tison and members of the Committee on Manufacturers and Labor:

"The Treasury of our State would be meager, indeed, if the General Assembly, through repressive statutes, discouraged the development of manufacturing. The plight of our people would be intolerable, if we, through oppressive laws, should discourage the rights of those who make manufacturing not only possible but also successful — the men and women who toil for a living.

"You will be beset by many demands, some of them at cross purposes. It is your task to balance the equities.

"Grant all of those who come before you a full and fair audience. Treat all with courtesy. Be patient. Be fair.

"Above all else, do right for your State and her people."

The Speaker announces the following committee appointment:

PUBLIC LIBRARIES: Representative Hunt of Orange, Chairman; Representatives Gamble, Gilmore, and Hunt of Cleveland, Vice Chairmen; Representatives Adams, Breece, Bright, Creech, Diamont, Hairston, Helms, Hurst, Johnson of Wake, Josey, Phillips, Rhodes, Smith of Forsyth, Smith of Rowan, and Woodard.

Representative Hunt is requested by the Speaker to approach the well of the House where she is presented a gavel and the following charge:

"Representative Hunt and members of the Public Libraries Committee:

"In Legislative Sessions prior to the present one there has been a House Library Committee. Some uncertainty has existed over the extent of its obligations and the scope of its duties. It is, therefore, appropriate that the Chair issue a specific charge as to the responsibilities and obligations of this committee.

"You are charged to consider all of the public libraries which exist or which may in the future be established in the State as matters for your committee's concern. Your committee will act as a select committee with full power and authority of standing committees until the final rules can be adopted to reflect this basic change in name and responsibility.

"Your committee will consider such legislation as may be introduced this Session which deals in any way with the subject of the public libraries of

North Carolina, unless the legislation is a matter solely for consideration by the Appropriations Committee.

"The public libraries which exist across our State have been largely the product of the concern, or lack of it, by Local Government. In recent years the General Assembly has begun to take interest in these libraries and this has taken the form of financial support. The need to consider greater State involvement, the extent to which prior State aid has made significant improvements, and the ability of public libraries to meet the needs and requirements of our people are all proper areas of concern for your committee.

"Public libraries are a priceless resource of our State. Your committee will consider legislation which involves them. Go about your work efficiently and fairly."

The Speaker announces the following committee appointment:

UNIVERSITY BOARD OF GOVERNORS NOMINATING COMMITTEE: Representative Schwartz, Chairman; Representatives Hunt of Orange, Huskins, and Phillips, Vice Chairmen; Represenatives Blackwell, Foster, Josey, Messer, Rountree, Smith of Rowan, Stevens, and Tennille.

Representative Schwartz is requested by the Speaker to approach the well of the House where he is presented a gavel and the following charge:

"Representative Schwartz and members of the Board of Governors Nominating Committee:

"You will first be aware that the name of your committee is changed from that of University Trustees as it was designated in former legislative sessions. The present name reflects the functions of your committee while the previous designation was ambiguous in this respect. Your committee will act as a select committee with full power and authority of standing committees until recognized in the Permanent Rules as a regular standing committee.

"The authority and responsibility of your committee is twofold: First, your committee must , in coordination with a comparable Senate committee, make initials nominations for consideration by the House of persons to be members of the Board of Governors of the Universitv of North Carolina. The men and women who serve on this board have heavy obligations and responsibilities. They need to be chosen with great care. Your committee plays the initial role in getting that process under way. It later assists the House in its final selection of these members.

"Second, it is within the power and authority of your committee to consider the effectiveness and efficiency of the present procedure of selection of members of the Board of Governors. After study if you feel that improvments could be made in this system, you should report the results of such study and your recommendations to this House for consideration.

"The Chair appreciates your willingness to assume and discharge this important work."

The following additional appointments to committees are made by the Speaker:

Representative Gamble, Vice Chairman, Health Committee

Representative Hairston, Public Utilities Committee

Representative Hyde, Public Utilities Committee

The Speaker also announces that the request of Representative Mathis that she be removed from the State Personnel Committee is granted.

The Speaker makes the following remarks concerning the Committee on Federal and Interstate Cooperation:

"You may have observed that the Chair has not appointed a committee on Federal and Interstate Cooperation. It is the tentative plan of the Chair not to do so. This is not to say that the work of the committee is not important — it is to say that in a properly organized table of organization the peculiar historical functions of this committee might better be performed by various Members of the House depending on the particular area of interest.

"Compacts and reciprocal agreements and statutes among the states have been and will continue to be important. But where they relate to higher education, for example, they ought to be handled by people involved with higher education in the House. Where the questions involve coastal fisheries, they ought to be handled by the people of this House whose interest lies in that field.

"Finally, it is hoped that this change, together with the other changes previously effected will provide for a leaner and more orderly system of processing the work of this House."

The Speaker addresses the House with the following remarks:

"Members of the House:

"I have now completed the appointment of all standing Committees.

"This process has taken a great deal of effort and I believe that our Committee alignment will result in a highly successful Session of the General Assembly.

"I will be depending upon the Committee Chairmen to come forward with legislation in each of their respective fields or to take legislation that is introduced and make certain it is in proper form when it reaches the Floor of the House.

"We want good legislation that is technically correct and that does not have to be reworked when it comes from your Committee. I expect every Chairman to use whatever time is necessary to make sure that I don't have to re-refer bills because of spelling errors, improper punctuation or technical defects.

"We all expect complete cooperation from the various elected officials and State departments and agencies and the public in general. If, however, a Committee Chairman does not receive full cooperation, let me remind you that with the consent of the Committee and with the approval of the Speaker, a subpoena for the appearance of witnesses or the inspection of documents is available to you.

"Use your persuasion first, but if your work is obstructed, please report your problem to me and I assure you of my cooperation."

Representative Frye rises on a point of personal privilege and reads the following poem:

E R A IN RETROSPECT
OR
THE DAY AFTER THE SECOND DAY
AND THE DAY BEFORE

For an equal gesture of two years ago
For doing the same thing two years in a row
A bunch of roses from across the way
Is our gift for defeating E R A.
To the winners, it's a joke; funny and sweet
But to the losers who went down to defeat
It was not so funny, coming twice in a row
With would be supporters ending up voting "NO!"

With the news media present, cameras and all
And newspaper reporters all out in the hall
With everyone speaking and making a pitch
And no parliamentary procedures to cause any hitch
The second day of debate was moving with precision
As the House moved closer to the time of division
The ladies had spoken with speeches quite famous
But debate was cut off before hearing DeRamus.

The vote was close, but when it was through
E R A was defeated 57 to 62.
"But don't be discouraged," said Campbell, real nice
"We've got another bill that has real spice
And I promise you faithfully as I stand here today
That my committee will consider it without any delay
You may think I'm against women, but that isn't true
And by this little gesture, I'll prove it to you
I'll vote for an amendment to the Constitution of our State
And that way the people will decide its fate."

Now the oddest thing that you ever want to see
Was what happened this morning on National TV.
I couldn't believe it, though hard I tried
But there was Hartwell Campbell posing as Herb Hyde!

Henry E. Frye
April 17, 1975

The Speaker orders that the poem be included in today's Journal.

H. B. 787, A BILL TO BE ENTITLED AN ACT TO AMEND G. S. 143-318.3(a) RELATING TO EXECUTIVE SESSIONS, is referred to the Committee on Rules and Operation of the House.

Prior to first reading and reference to committee of H. B. 788, "A BILL TO BE ENTITLED AN ACT TO PROVIDE A STATEWIDE EXPRESSION OF THE CITIZENS OF NORTH CAROLINA ON THE EQUAL RIGHTS AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES," Representative Hyde rises on a point of order in which he requests a ruling from the Chair under House Rule 42 and under the Rules of the U. S. House of Representatives that consideration of H. B. 788 be declared out of order for the reason that a bill containing essentially the same subject matter, H. B. 117, "A BILL TO BE ENTITLED AN ACT TO AUTHORIZE A STATEWIDE REFERENDUM ON THE EQUAL RIGHTS AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES," had previously been acted on by this Body and put on the Unfavorable Calendar by action of the House on March 27, 1975.

The Chair, after hearing arguments in support of the point and in opposition to the point, rules that the point be not sustained for the reason that H. B. 117 had been neither tabled nor had it failed to pass a reading as required by Rule 42.

"Mr. Speaker and Members of the distinguished House of Representatives:

"Today we are faced with a prison crisis and explosion in our great State, in fact, an Attica and prison powder keg. The uproar at Woman's Prison is just the beginning. With this crisis and explosion there is a subtle Communistic movement giving impetus to insurrection in our prisons. The focus is on the Joan Little case. I recognize there are injustices and inequities in the law, but we must alleviate these tensions and frustrations in an expeditious and judicious manner as responsible legislators.

"I, therefore, urge the leadership of the General Assembly, the Honorables Governor, Lieutenant Governor, and Speaker to appoint a blue ribbon panel to investigate the correction systems of North Carolina in light of the: (1) inmates' complaints and accusations, (2) Communistic activities, (3) overcrowdedness of the prisons, (4) employment of permanent personnel, and (5) any other relevant factors.

"I further recommend that the panel report to the Department of Justice and Correction solutions and recommendations as soon as possible and to the General Assembly when it reconvenes in 1976.

"I further request that these remarks be a part of the Journal as future reference and record."

On motion of Representative Hyde, the resolution is postponed indefinitely.

On motion of Representative Hyde, the following remarks by the Speaker are recorded in today's Journal.

BRIEF REMARKS BY JAMES C. GREEN, SPEAKER OF THE HOUSE, CONCERNING THE 1975 SESSION

Members of the House:

I would like to share with you some observations regarding the 1975 General Assembly and express to each of you my deep appreciation for your cooperation and work.

When we began on January 15, we realized we were meeting in a time of economic uncertainty. Faced with difficult responsibilities the members of the House and this General Assembly have done a most commendable job.

When the membership elected me Speaker I knew there were a lot of things that we ought to do to make necessary and beneficial changes for the citizens of North Carolina.

The time has passed so quickly. I became so involved that the days have flown by and I simply had more to do than I felt that one man could do. I am certain that each of you has had the same experience. Together we have done a great deal. We have not accomplished everything that we wanted to but I am proud of what we have been able to do.

Permit me to emphasize just a few things.

1. The Members have worked long and hard. You have been attentive — which I appreciate — and you have been faithful to your committee assignments. You have made the Legislature a success.

2. The staff, the secretaries, the agencies, the pages, yes, even the lobbyists, have made a contribution — in one way or another — and I appreciate what all of you have done.

3. The Economy Committee — a new concept whose time has come — and without which we could not have possibly furnished the information to the Base Budget Committee and the Appropriations Committee necessary to accurately decide what revenues to project during the biennium 1975-77.

4. The Base Budget Committee — another committee whose time has come. I cannot say too much about the tireless effort of Representative Watkins and the members of the Base Budget Committee who hammered out on a line-by-line basis the Continuation Budget. As it turned out, the Base Budget Committee was the instrument that enabled us to eliminate — to cut — to reduce the budget by the millions of dollars necessary to enable the Appropriations Committee and the General Assembly to come up with a responsible budget within the funds available.

5. The Appropriations Committee — working with the knowledge that they must restrict their spending, this committee identified excellent priorities. Representative Love was extremely helpful in the final hours and days when the Conference Committees made the final decisions.

6. The Speaker Pro Tem — Representative Josey — has been a valuable Member and a valuable assistant to me, and I would like to thank him

personally for his invaluable work in attending crucial committee meetings and in expediting the business of the House.

7. I hesitate to go further in naming committee chairmen because all of you have done an outstanding job. The best way for me to thank you is to ask all of you committee chairmen to stand so that we might give you recognition for your untiring service.

8. The 43 freshman members — the 13 ladies of the house — the lawyers, if you please — the teachers — the businessmen — the farmers — everyone — have been so helpful and so very responsible, and I want to thank you all.

9. The Utilities Commission — this Commission should now be in a position, due to its expanded staff, to better study and better regulate utility rates and services for the citizens of our State and we are counting on the Commission to use every means available to help solve this dilemma of rising cost of power, energy, and other services within its jurisdiction.

10. Another word about the Budget — In general, we have an excellent Budget. In particular — I am so very pleased that we did not raise tuition for in-State students. Over one-half of the students at our public universities are required to work to stay in school. My office has received countless letters from students, parents and university personnel pleading that the tuition remain the same — and it is a happy thought to know that we have achieved this goal.

11. Another item concerning the Budget — The Education Budget has been responsibly adopted. We have picked our priority in education based upon the needs of the students and classroom teachers, and we still have as strong a commitment in North Carolina to a system of quality public education as we have ever had in our history.

A few weeks ago the auditorium of this Legislative Building was packed by teaching personnel from across this State who were vitally concerned about educational matters. When the suggestion was made in that public hearing that the Base Budget Committee would direct its reductions in the area of administration, rather than the classroom, there was long and loud applause.

There are professional school personnel across this State who have served for many years in education, some of whom are in this Legislative Body, who have assured me that the cuts we have made are not harming the welfare of the children we are trying to educate, and they agree with me that these cuts are simply in the bureaucracy and hierarchy that has developed in the Department of Public Education here in Raleigh.

12. Let me say that our teachers and State employees deserve our warm appreciation for their understanding that the economy prohibits a salary increase at this time. We have received many letters acknowledging that this must be the case. At the same time, I am extremely happy that we were able to make considerable improvements in the area of retirement, hospital benefits, and other fringe benefit programs.

13. Next Session — one of the first things we must do in 1976 when we review the budget is to reaffirm that if revenue projections are up, we must absolutely appropriate a salary increase for teachers and State employees. We must address ourselves to a pay raise for teachers and State employees — which is a commitment that I have already made publicly and which I would like to repeat today.

14. Now, a word about the interim between now and next May.

My office will remain open. I will have a small staff available to carry on the duties and responsibilities of that office in communicating with members, handling inquiries from citizens, and working with the interim study committees.

I will be dividing my time between my business at home and my Legislative duties in Raleigh. You will be able to reach me on rather short notice, so please feel free to call on me at any time I can assist you.

15. In concluding these remarks, I think the hallmark of this Session has been the creditable manner in which we faced a situation of a $288½ million dollar short-fall in revenue and accommodated the budget in such a fashion that I am convinced that no citizen across the State will suffer from a lack of State services because of what we have done.

You deserve the credit and I wish to applaud each of you for your efforts, letters, and kind remarks.

I hope you all have a safe and happy summer — I will see you next May. In the interim if I can help you please let me know.

Thank you.

ADDRESS TO THE NORTH CAROLINA GENERAL ASSEMBLY IN JOINT SESSION BY GOVERNOR JAMES B. HOLSHOUSER, JR.

January 20, 1975

This is not going to be the usual kind of legislative message, perhaps, but then January of 1975 does not find North Carolina in the normal condition.

We meet this evening in a time of challenge.

This in itself, is nothing new.

Every legislative session brings challenges — some of them more than others.

In 1975 we face a special kind of challenge.

We face a national economic crisis that has thousands of North Carolinians facing the grim reality of the missing pay check, the dwindling bank balance and the accumulation of unpaid bills.

We face 1975 knowing that all North Carolinians are paying more money for their food, for their gasoline, their electricity and almost everything else.

In 1975, we face a national energy crisis which has had an impact on North Carolina's gasoline pumps, our curing barns, our industrial plants, our businesses and even on the temperature in our homes.

It is a time when not just North Carolinians, but people all across America are being asked to tighten their belts, to conserve in many ways, to sacrifice.

And so I say to you tonight that 1975 may very well go down in history as the year in which the legislature and indeed all of state government faced our most important test of leadership. Under these circumstances, I think it is important that I do more this evening than give you a legislative message or a budget message. It is important that we take a look at the state of affairs in North Carolina, what we have been doing in response to our challenge and what we have to do — together — to meet this test of our leadership.

We have to recognize that in a nation such as ours, people do not — and should not — expect government to solve all their problems. These are problems that require cooperation, imagination and some sacrifice from every segment of our society. In North Carolina, I know that we can count on that kind of effort from our people.

But the people do have the right to expect that their government at all levels recognizes the situation as it is and acts accordingly in providing leadership and direction in finding solutions to these difficult problems.

The Advisory Budget Commission and I present to you a budget that will allow our State to continue to move forward with programs that are important — the continued expansion of our kindergarten system; programs to meet the special needs of exceptional children; funding to keep up with the ever-rising costs of Medicaid; appropriations to allow us to keep pace with the demand for better care for the patients in our mental institutions.

I support these programs, and I encourage your support for them. But tonight, I also know that our people need something more right now than new government programs.

They want to know that we are doing something to help them keep their jobs or get back on the job as soon as possible. Those who have become part of our unemployment statistics want to know that we are going to help them keep body, soul and family together until they do get back to work.

Our people want to know that we are concerned about their pocketbook — their ability to keep food on the table, a roof over their heads and heat in their homes and businesses.

It's been a long time since unemployment was a major problem in North Carolina. Since mid-1971, the unemployment rate for insured workers — those eligible for unemployment compensation — generally ranged from one to two per cent, among the lowest rates in the nation.

But since last September, we have seen an astonishing increase in our State's unemployment figures — rising from some 22,000 workers to more than 200,000 during the early part of this month.

While a substantial number of workers have lost their jobs because of the recent cutbacks in natural gas, most unemployment in our State is the result of the need for inventory reductions which always follow a national economic slowdown. While State government can do little to affect the causes of unemployment, we can do our part to ease its impact.

Several weeks ago, I organized a Task Force composed of several top-level state officials to move as quickly as possible to take advantage of the emergency Public Service Jobs program initiated by President Ford and enacted by the Congress.

We are using these funds to put people back to work — many of them in jobs that will provide a direct assistance to other unemployed people. They are handling unemployment claims; they're helping in the handling of Food Stamps.

At the same time, we are taking advantage of federal legislation that enables us to extend the benefit period for many unemployed people — in some cases, up to a full year, if they are unable to find another job in that time.

There are still people who are having trouble getting their unemployment claims processed quickly. Our Employment Security Commission has taken

several steps to cope with the sudden and dramatic growth in our unemployment rolls over the last few weeks. It is doing a remarkable job considering the circumstances.

But we can do even more to speed up the process. Within the week, you will receive proposals to get unemployment benefits into people's hands faster.

Every one of us should recognize that there are few greater tragedies that can happen to an individual or a family than the loss of that regular paycheck coming in each week or month.

In times such as these — when belt-tightening has to be the order of the day — it also might seem that a freeze on vacant State jobs is a logical step.

But at a time when more than 200,000 North Carolinians already are out of work, I can think of no stranger way to attack the problem of unemployment than to abolish hundreds of General Fund jobs when the money is there. We cannot afford to spend tax dollars for a job that isn't needed; but we can afford even less to abolish jobs that are needed when there are so many thousands of people who desperately need a paycheck and are ready, willing, and able to work.

We also must recognize that we have a responsibility to all North Carolinians who are feeling the deadly effects of job cutbacks and rising costs, including the millions who are still drawing their paychecks but are having to struggle mightily to cover the bare essentials of life.

Through four terms as a member of this General Assembly, and serving on the Appropriations Committee, I became more and more familiar with the appropriations process. One of the things I never could quite accept was the idea of taking money from the taxpayers and simply holding it in the State Treasury rather than putting it to work to provide services and programs.

At a time when money is so hard to come by for so many people, it is almost criminal to take money out of their pockets and hold it in the Treasury.

We haven't done that in the last two years. But there is available in this budget more than $80 million, which will do nothing for the people but draw interest.

I believe that this money should be returned to the people!

We have heard a lot of talk about repealing the State sales tax on food. Many of you campaigned on the promise to get rid of it. With food prices out of sight and rising, now is the time to repeal the food tax. Very shortly, I will submit to this legislature a proposal to repeal the State's three per cent tax on food, effective on July 1 of next year.

This has always been a regressive tax that works the greatest hardship on those who can least afford it — low-income families, the elderly and

others living on fixed incomes. But with food prices where they are today, it's hitting every food shopper in North Carolina.

By repealing this tax, we are saying to the people of North Carolina that we are concerned about their problems, that we know their food costs are going up and that this is one way that the State can help.

And the money is here to repeal this tax without cutting a single penny from a single State program. We don't need to raise any other taxes either. Having been a member of the legislature, I know what happens when the various interest groups see this kind of money available. I know that you will be under severe pressure from almost everyone who is asking for money from the State for a variety of meritorious programs.

But I say to you tonight that we have a special obligation to the largest and most important interest group of all — the more than five million people who are North Carolina.

I also know there are those who have a genuine concern about the long-range wisdom of any reduction in our tax base.

Let me point out that in the first five years following repeal of the food tax, the normal growth from our remaining taxes would allow $350 million in capital spending and still increase the operations budget by more than 62 per cent — an increase of over a billion dollars. If Federal Revenue Sharing is continued, that increase in spending would jump to 74 per cent in five years.

Most cities and counties now derive revenue from the one per cent local option sales tax, and this revenue is now built into their budgets. I recommend that local officials be allowed to determine — on the same local option basis — whether they can remove this local tax on food.

The sales tax is one place where State policy directly affects the price of food. There is a second one — and that is in our regulation of the sale of milk.

I am convinced that one of the reasons our country finds itself in the economic mess it is in today is the increased amount of government regulation of the free enterprise system that has occurred over the last several decades. In too many cases, government has created artificial barriers that prevent the system from working the way it should, without any corresponding benefit to the people.

This has happened primarily on the federal level — but it has happened here, too. And it has happened to one of the most important items in almost every family's food budget.

I refer to the law that forces a retail grocer to sell milk higher than he wants to.

Make no mistake about it — we have an obligation to ourselves and to our children to protect our milk supply. We should fully recognize that our present system isn't working, because during the last 20 years, the number of dairy farmers in North Carolina has dwindled from over 5,000 to about

1,500. Milk is so different from so many other products because it's perishable in a very short time.

Our Milk Commission has the obligation — by statute — to assure that dairy farmers get a fair price. This is essential to maintaining an adequate milk supply in this State. But there is no reason at all that once the milk reaches the supermarket or the corner grocery store that the retailer cannot sell at any price he chooses — including a price below the cost he paid if he thinks this will benefit him in the long run by attracting more customers to his store.

I urge you to remove this barrier from the law — and to give the people of this State a break.

By taking these two vital steps, we can help the consumer cope with the second largest item in his budget — the cost of food.

At the same time, we cannot ignore the largest cost item for most families — the cost of housing.

This budget recommends additional support for the State Housing Finance Agency with the hope that their action will help to make more mortgage money available for home-building. With questions having arisen, I hope you will examine both the appropriation and any pending legislation carefully to assure the success of the effort. I also will urge that we respond quickly and favorably to the request by the U. S. Department of Housing and Urban Development for changes in our finance law in order to facilitate federal housing assistance programs.

Jobs, food, housing — these things are basic.

To get to our jobs, to our schools, to our grocery stores, it is also essential that we have adequate means of transportation.

From the standpoint of our responsibilities in state government, the present combination of energy shortages and economic distress has hit the hardest in the area of our transportation program.

Our gasoline tax revenue — the major source for our highway program has dropped sharply. There is no question that the proposed import fee on foreign oil will lead to an even greater reduction in our State's gasoline tax revenues.

This means we face the hard choice of slowing down our road construction program or raising the gasoline tax.

North Carolina has tremendous road needs, but given the deadly bite of inflation on everybody's pocketbooks across this State, I would strongly oppose any effort to increase the state gasoline tax.

At the same time, we can — during this session of the General Assembly — make a major contribution to both the conservation of gasoline and to the transportation needs of our people.

Recently adopted federal legislation has, for the first time, given this country a major national program to assist local communities in providing

adequate bus systems for both urban and rural areas, and we can help our communities take advantage of this opportunity. I am asking that $2½ million in State funds be pooled with federal money over the next two years to support the capital cost of local bus systems. This program of state-local cooperation will enable us to move quickly into the forefront of this effort to expand transportation opportunities for our people while conserving gasoline.

We have talked about some of the most vital concerns of every North Carolinian today.

Underlying all the problems we have discussed is the nation's energy crisis. The costs of fuel and electricity affect the cost of food from its production in the farmer's fields to its preparation in the housewife's kitchen.

Sharp increases in the cost of lighting and heating a home have become a major problem for families in maintaining their household budgets.

The shortage of natural gas has closed some of our industrial plants and threatens to close many more — putting more Tar Heel workers in the unemployment lines.

This is not a problem we can solve by sitting around wringing our hands — worrying and guessing about where it's going to hit us next. It's a problem that demands the attention and best efforts of all of us.

There's no question but that the Federal Energy Administration, the Federal Power Commission, and the Federal Courts make the major decisions about how much oil, gasoline, propane, and natural gas every state is going to have.

Time and time again, we have met with the Federal Energy Administration and have gained additional supplies of gasoline, heating oil and propane. For over a year, we have been fighting the battle of natural gas allocations. Twice, I have testified in behalf of the State before the Federal Power Commission. Our Commissioner of Agriculture, Jim Graham, has also given testimony to the Federal Power Commission on the needs of our farmers.

Twice we lost cases before the FPC, appealed and won the day before the U. S. Court of Appeals in Washington. Once again, we find ourselves before that court, fighting against the cutbacks in our natural gas supplies which are forcing an unfairly large number of North Carolinians to sacrifice their jobs to the warm homes in the Northeastern part of the country, where no conservation efforts have even been started. Already, we have seen these cutbacks cause serious problems in our production of fertilizer, which is essential not only to our own farmers but to easing the entire world's food shortage.

I assure you tonight that we will pursue every legal remedy to getting our fair share of natural gas and to convince federal authorities that the protection of jobs and paychecks has to be given a top priority.

At the same time, North Carolina has been in the front line of efforts to conserve all types of fuel and energy.

We were one of the first states to reduce the speed limit to 55 miles per hour on our highways — a step that has saved lives as well as gasoline. Our people were asked to join in a conservation program, and they responded. By using less heat in the winter and less air-conditioning in the summer, our people consumed nearly 15 per cent less natural gas during the past 12 months than in the previous year. There also has been substantial success in conservation efforts of both fuel oil and electricity.

If shortages have become the most visible result of the energy crisis, shortages have not been the only impact which we have felt.

If there is one thing that brings our present economic-energy crisis to the attention of the average citizen, it is his monthly electric bill.

Since I spoke to you last year, the cost of electricity has risen dramatically. As the nation seeks to gain some measure of self-sufficiency in energy, our electric utility systems are being called upon more than ever before.

Power companies have traditionally been a government-protected monopoly and thus enjoy a special status in our industrial structure. Because they do not face direct competition, the Utilities Commission must assure that rates charged consumers are fair and equitable and do not generate excess profits.

At the same time, we're demanding that more and more electricity be produced to serve our homes and industries, and we also know that the cost of building those new power plants is increasing, just as it costs more to build a house or buy groceries in the supermarket. It's also obvious, however, that the sharp rate increases of the past years are creating serious hardships for many people.

Rate reform is certainly a part of the answer, and our Utilities Commission has already begun to reverse the historic rate structure which has always favored large users of electricity and placed a heavier burden on the home owner.

Other reforms may be possible but we must avoid the danger of trying to meet the current hardship with a short-sighted response that will in turn create even greater hardships later. The temptation for demagoguery is great, and I urge you to resist it, lest you build false hopes and further erode people's confidence in government.

But all of us need a better understanding of why rates have gone up.

Therefore, I'm calling on the Utilities Commission to move beyond its historic position of holding hearings and making rates. I'm asking that they bring a report directly to the people explaining just what's happening in language that we all can understand.

In addition, I urge your support of the budget recommendations for increased staff assistance for the Utilities Commission in order that they be

able to examine effectively the growing number of rate applications. This will allow case studies to be more thorough and will reduce costly delays in construction approvals and rate decisions.

Our country has the will, the resources and the leadership to solve these difficult problems we face today. Our system of democracy and free enterprise has never failed us, and it won't fail us this time.

But one of the things that concerns me most today is the fact that a growing number of our young people in this country are coming out of our public schools with no idea what the free enterprise system is all about. In some cases, they are leaving school with a distorted view of this system and with the idea that "profit" is a dirty word.

It is high time that we require in our public schools a special course to give our young people an understanding of the free enterprise system, not only in terms of how it has given us more freedom than any other people of the world but also a higher standard of living for more people than any other nation in history.

It is a year of extraordinary challenges for this legislature, and a year of testing for all of us.

But it isn't all gloom and doom in North Carolina.

We are fortunate in North Carolina that our State is still a good place to live and grow . . . that we still have more than our share of green areas, clean streams and clear air — and we have had the vision to begin the kind of land management planning that will enable us to continue to grow without committing the mistakes that have ruined other areas of this country.

We are fortunate that despite the national recession, we have just ended one of our greatest years in history in industrial growth and expansion — growth and expansion that is continuing at a dynamic rate even today.

Just within the last month, a number of major companies have demonstrated their confidence in North Carolina with announcement of plans to build or expand facilities around our State — in Bertie County, in Wilson, in Lenoir, in Asheville, in Winterville, in Morganton, Statesville, Salisbury, and Hendersonville.

All of this has happened in the last month — and no end to this trend is in sight. Our Commerce and Industry Division reports that inquiries from companies considering North Carolina continue to come in at a fast pace.

We are also fortunate in North Carolina, in this legislative session, that we have the resources to respond to our people's needs in a realistic way. We are fortunate that we can adopt a budget — a tight budget — that permits relief to the pocketbooks of our people while at the same time allows us to move ahead to meet many of the needs I have mentioned.

It didn't happen by accident.

I would hate to face the situation we face today if we had not embarked on the reorganization of State government back in 1969.

In many ways, too many to mention tonight, reorganization has enabled us to do a better job of responding to the needs of the people of North Carolina. I have asked the various departments of State government to prove to me how reorganization has improved their performance, and the reports they have given me are impressive.

Just one small example might be helpful. Last year, we handed the Department of Natural and Economic Resources two important new jobs — administration of the Sedimentation Control Act and the Coastal Resources Management Act. Because of reorginization, the department was able to take on both of these major responsibilities without additional personnel and with no additional money. This is what reorganization is all about; there is proof that it is working.

I'm sure that many of you are concerned about the reports that 13,500 new State jobs were added during the past two years.

You deserve to know the facts — and here they are. Over 10,000 new teachers and aides have been added in the field of education — in our universities, our community colleges, and, particularly, in our public schools, where we've provided teachers for our Statewide kindergarten program.

That's not "bureaucracy" — that's people to provide an education for our children.

We've also been fortunate in North Carolina in that in 1973 the North Carolina business community made a thorough efficiency study of our State government operations. When fully implemented, the work of the Efficiency Study Commission will mean a savings every year of some $60 million to our taxpayers. Much of this savings has helped us fight the rising costs of inflation.

But has there really been a savings — is it only on paper?

It will only take a quick look at this year's budget to show you that these savings have been real and they are having a significant impact.

Historically, the cost of keeping the State government going has gone up significantly each year as costs have gone up. This year, despite the fact that the cost of living has gone up more than 10 per cent in the last year, we have placed before you a budget that continues the current level of services with virtually no increase at all in spending. That increase is less than one-third of one per cent in the first year of the biennium and just over one per cent the second year.

But make no mistake about it. I'm not telling you that everything has been done that could be done to eliminate waste in our State government. We face the continuing challenge — especially in times such as these — of seeking out expenses that are unnecessary.

I'm sure that you are just as interested as I am in minimizing waste, and I welcome you to the fight. I encourage you to discuss your ideas with members of my cabinet and the Council of State, because I assure you that

up and down this Administration, people are prepared to respond to sound suggestions which you may have for improving our operations.

Our first concern in 1975 has to be a concern for the pocketbooks of our people.

Yet our people have many other legitimate concerns.

There are no glamorous pie-in-the-sky proposals in this budget — but there are programs that will be of great benefit to our State and its people for many years to come.

North Carolina parents are concerned — and have every right to be — about the failure of our schools to provide adequate reading instruction for our children in the elementary grades — leaving them poorly equipped to tackle virtually any subject as they move up the ladder. This problem is not going to be solved by just throwing money at it, but it's also not going to be solved if we continue to shut our eyes to it. This budget offers a beginning to the solution of our most critical education problem.

We know that many learning disability and emotional problems can be avoided or corrected if detected early in life. I strongly recommend the adoption of a pre-school screening for four-year-olds.

Major strides were made in the last legislature to meet the special needs of exceptional children. This budget will continue that effort, and I urge your support of these programs.

For the emotionally disturbed and mentally retarded, this budget allows us to provide more direct patient care in State institutions and to establish group homes for some of these patients, enabling them to be closer to their families.

During the last two years, we've begun an exciting program to get primary medical care into the rural areas and small towns of North Carolina. This program already is proving that it can do the job in the areas of the State where our first rural health centers have been located. This budget calls for expansion of the rural health center system to other communities suffering from a shortage of doctors.

Many of our elderly people depend on Medicaid for the medical care they need. Without this program, many families would face financial disaster trying to provide for their loved ones. But this program is not without high costs. This budget calls for an increased appropriation of $26 million to meet the rising costs and expanding eligibility rolls of Medicaid recipients in North Carolina.

I have talked with you this evening about many things — about the challenges we face, the opportunities we have and some of the programs that merit this legislature's attention.

But mostly I have talked to you about people . . . about the problems facing the people of North Carolina and what we can do to help them solve their problems.

In this unusual year, 1975, our greatest challenge is to prove to the people of this State that their concerns are our concerns — that government can and will respond to these concerns.

That is my challenge to this General Assembly — that you put the people first in everything you do.

INTERIM REPORT OF THE JOINT COMMITTEE ON THE ECONOMY

April 2, 1975

Background: We are in the midst of what seems likely to be the most severe recession since the 1930's. The economy will probably reach the bottom in the latter part of 1975 with gradual recovery in 1976 and 1977.

Economic Situation: The signs of recession began to show up clearly in the unemployment figures for October, 1974, as they became available in November. However, because of the lead time required for the preparation of the budget, the recommendations of the Governor and the Advisory Budget Commission were based on revenue estimates prepared in October, 1974. Even as late as December, it was difficult to see the signs of recession in the revenue collections of the State. However, in January and February, the recession deepened and these effects began to appear in the flow of tax funds into the State Treasury. Revenues are still rising as compared to the comparable period in 1974, but they are rising at a rate that does not seem to be sufficient to meet the 1975-77 expenditures in the recommended budget. From an economic point of view, the situation is still unsettled and it will probably remain unclear for several months. However, the report of State revenue due about mid-May will remove much of the doubt about the current year, and provide a somewhat sounder basis for projecting 1975-76 revenue. The current situation is also having serious impact on the businesses and industries of the State, especially textiles, lumber and wood, furniture, construction, and tobacco. The decline of employment in these industries is in turn having serious impact on the personal income of our citizens.

Committee Review: In its early meeting, the Joint Committee on the Economy concentrated its efforts on finding solutions to immediate problems related to unemployment and unemployment compensation. During these deliberations, we had the benefit of representatives from the Employment Security Commission, the Office of Manpower Services, and representatives from the various affected industries of the State. As you know, a number of actions were initiated by the Committee that resulted in administrative and legislative changes to improve the State's ability to respond to the needs of its unemployed. You are familiar with these actions and I will not detail them here. To deal with the longer range problems facing the State, three subcommittees were appointed: the Subcommittee on Distressed Industries, the Subcommittee on the Highway Fund, and the Subcommittee on the General Fund. These three subcommittees have been at work for several weeks and have reported to the full Committee. A primary purpose of this report is to share with the members of the General Assembly the findings and recommendations of these subcommittees.

Distressed Industries: In developing its findings, the Subcommittee on Distressed Industries had the benefit of advice from representatives of the State Treasurer, the North Carolina Housing Finance Agency, the Department of Natural and Economic Resources, the Savings and Loan League, the North Carolina Home Builders Association, and the North Carolina Textile Manufacturer's Association. The Subcommittee has identified industries hit hardest by the recession in terms of both unemployment and plant closings. These industries are textiles, lumber and wood, furniture, construction, and tobacco. In these industries, the percent of the work force that is unemployed ranges between 17 and 21% and the number of plants permanently closed ranges from 0-17. Of those industries listed, textiles and furniture are most severely affected. The Subcommittee also attempted to identify some short-term solutions with respect to the immediate problems confronting these distressed industries. Some of the solutions identified by the Subcommittee are:

— Tax-free revenue bonds
— Repeal of the inventory tax
— Suspend the interest ceiling on long-term mortgage loans
— Tax deductions on banks and thrift institutions, savings accounts, interest
— Accelerate actions of the N. C. Housing Finance Agency
— Work with the Natural and Economic Resources Department in its programs to assist distressed industries.

The Subcommittee also identified some longer term solutions that included improving and intensifying North Carolina's ability to attract industry and diversifying industry in those areas of the State where single industries seem to be concentrated.

Subcommittee on the Highway Fund: In arriving at its estimate of Highway Fund revenue that will be available, the Subcommittee on the Highway Fund felt that the greatest determinant was the energy policy established by the Federal Government. Unfortunately, the direction that this policy will take is not now clear. However, the Subcommittee looked closely at energy policy proposals of the President, and the Congress, as well as others that might be considered. In all, the Subcommittee considered 5 sets of alternative revenue estimates for motor fuel revenue. The range of these proposals was around $42 million in the first year of the biennium, rising to about $81 in the second year. The Committee has accepted the Subcommittee's recommendations with respect to Highway Fund revenue and these are as follows:

1974-75 — $366.5 million dollars
1975-76 — $353.0 million dollars
1976-77 — $338.0 million dolars

Given these estimates, the total availability within the Highway Fund is estimated as follows:

1974-75 — $394.6 million dollars
1975-76 — $395.6 million dollars
1976-77 — $361.8 million dollars

Using these estimates, the shortfall in revenue from the original recommended budget would be as follows:

1974-75 — $0
1975-76 — $37.4 million dollars
1976-77 — $71.9 million dollars

In view of the pending Congressional action with respect to energy policy, the Committee strongly recommends reconsideration of the Highway Fund revenue estimates as Congressional actions become clear.

Subcommittee on the General Fund: In arriving at its estimates, the Subcommittee on the General Fund had the benefit of advice from the North Carolina National Bank, from the Office of State Budget, and from the Fiscal Research Division. Revenue estimates were received from all of these organizations and there was considerable variation among them. However, the Committee feels that the variation will decrease when the revenue collection reports become available about mid-May, at which time revised estimates should be made. The Subcommittee submitted the following recommendations for General Fund revenue estimates which were adopted by the Committee:

1974-75 — $1,469.9 million dollars
(An increase of 8.2% over the previous year)

1975-76 — $1,684.2 million dollars
(An increase of 7.2% over the previous year)

1976-77 — $1,889.9 million dollars
(An increase of 12.9% over the previous year)

The Subcommittee also recommended that a reversion factor of 3% be used for 1974-75, 1975-76, and 1976-77 instead of the 4% originally proposed.

The impact of these figures on the 1975-77 budget is considerable. For the current year, the total shortfall in revenue and reversions is estimated to be 52.5 million dollars. This will reduce the beginning credit balance for the 1975-76 year. The net budget reductions required to balance in 1975-76 amount to $152.8 million. The total net budget reductions required to balance during 1976-77 amount to $79.2 million. The total for both years of the biennium needed to bring the budget in balance with the available revenue would be $232 million.

Conclusion: The Joint Committee on the Economy has responded to the major charges given it in this report and will continue to work on these and other maters identified by the leadership of both houses in their initial instructions. As indicated above, more accurate information with regard to the revenue of the State will become available about the middle of May and will be considered by the Committee. In addition, the Committee will con-

tinue its efforts with respect to distressed industries and the impact of the current economic situation on the people of the State.

REPORT ON JOINT COMMITTEE ON THE ECONOMY
April 10, 1975

Responding to the critical unemployment rate existing in the Nation, the United States Congress passed several emergency temporary programs in December of 1974 regarding unemployment insurance benefits. One of those programs, Title II of the Emergency Jobs and Unemployment Assistance Act of 1974 (SUA), made benefits available to many classifications of people who had not been covered under the regular unemployment insurance programs of the several states. One of the groups brought under that Act was governmental workers. The unemployment insurance program originally designed for the private employment sector does not provide any of the guidelines needed for the public employment sector.

Effective January 1, 1972, institutions of higher education became covered under the North Carolina Unemployment Insurance Program, and at that time a provision was enacted into law (G. S. 96-13 (4), providing that benefits would be available to employees of institutions of higher education between terms, semesters, etc., if they had no contract for the next anticipated term, semester, etc.

Until the Federal SUA program was enacted, there was no need for any State legislation regarding the rights of secondary school employees as they were not covered by any unemployment insurance program.

Senate and House companion bills entitled "Employment Security Commission Eligibility of School Personnel" will clarify the uncertainties now existing in the State Law. Under this bill, for unemployment insurance purposes, secondary school personnel now will be on equal footing with employees of institutions of higher education. The bill protects the rights of secondary school employees who lose their jobs and protects, at the same time, the State of North Carolina against abuses of the unemployment insurance program.

Federal legislation is being considered now which will, if enacted, require the states to cover all governmental workers under their regular state unemployment insurance programs. If this is done the State of North Carolina will have to pay the entire cost of all benefits paid to any governmental employee, as well as paying the cost of administering the unemployment insurance program for governmental workers.

There are more than 90,000 people employed in the secondary school system in this State. The maximum unemployment insurance benefit rate

payable in this State is $90 per week. The secondary schools do not operate for approximately ten weeks each summer.

This bill, in addition to providing clarification for present purposes, ensures the governmental worker that when that coverage change takes place, should he become unemployed, he will not be excluded from unemployment insurance payments just because his last work was as a secondary school employee.

Unemployment benefits extended to governmental workers has been at the expense of the State. In 1972, Congress extended unemployment benefits to employees of institutions of higher education and also State hospitals and during this current year, we had appropriated $100,000 and through April 10, 1975, that fund has a balance of $73.00, so without any question, this fund will have to be supplemented this year to finish out these benefits. This bill, if enacted into law, would extend to secondary teachers and employees the same identical benefits that have been granted to other employees in 1972.

REPORT OF THE JOINT COMMITTEE ON THE ECONOMY
May 21, 1975

The Joint Committee on the Economy is charged with recommending revenue estimates for both the General Fund and the Highway Fund. We are currently in a period of great economic uncertainty and this has made the task of estimating State revenues very difficult. The Committee was supplied with revenue estimates prepared by the Office of State Budget, the North Carolina National Bank, and Fiscal Research Division. The Committee weighed carefully the information provided by these expert sources in arriving at its estimate of revenues.

Taking into account the information provided to the Committee and the great uncertainty about the future of the economy, the Committee deliberated and arrived at revenue estimates for the General Fund. A total General Fund revenue estimate of $1,561,100,000, an increase of 9.2 percent over 1973-74, was chosen for the current fiscal year (as shown in Table 1). A total General Fund revenue estimate of $1,674,200,000 was chosen for 1975-76, an increase of 7.2 percent. In view of the great economic uncertainty, the Committee felt that it was prudent to choose a conservative estimate for 1976-77. The Committee chose an estimate of total General Fund revenue of $1,841,600,000 for 1976-77, an increase of 10 percent (as shown in Table 1).

Given the revenue estimates, the total net budget reductions required to balance (as shown in Table 2) is $156.8 million in 1975-76 and 131.5 million for 1976-77, a total of $288.3 million for the biennium. This revenue shortfall is $56.3 million more than the $232 million previously reported, almost

all of the increase occurring in the second year. Reversions at the end of the biennium are recalculated at 3 percent to be $51.3 million in 1975-76 and $54.5 million in 1976-77, a total of $105.8 million at the end of the 1975-77 biennium.

The unknown factor in estimating revenue for the Highway Fund is not just the future condition of the economy, but also is the nature of energy policy adopted by the Federal Government. The more a particular energy policy results in reduced imports of crude oil, the greater the impact on gasoline availability and the Highway Fund. A revenue estimate was chosen which reflected "zero growth" in oil imports. The oil import policy is the key factor in determining revenues. The "zero growth" assumption is based on Congressman Ullman's energy bill which was reported out of House Ways and Means of the United States Congress on May 12. Oil imports would be held constant over the biennium under this bill. While it is still not certain that the bill will pass in its present form, the Committee feels that it is the most likely energy proposal to be enacted and can be used to estimate revenue.

Total Highway Fund revenue (as indicated on Table 3) is expected to decline from $393.4 million in the current fiscal year to $386.7 million in 1975-76 and $384.9 million in 1976-77. This decline is due primarily to lower gasoline availability due to a limit on oil imports and declining domestic production. The decline in gasoline taxes as a result of lower gasoline availability will be partially offset by an increase in licenses and fees. The net result is a decline in total revenue.

Total availability in the Highway Fund (as indicated in Table 3) is expected to increase to $415.0 million in 1975-76 and then decline to $393.6 million in 1976-77. Availability is increased in 1975-76 by a transfer of $21.2 million from the debt service fund and an estimated potential $7.1 million from pending legislation on Motor Vehicle fees. In 1976-77, $300,000 is transferred from the debt service fund and a potential $8.4 million would be realized by pending increases in Motor Vehicle fees.

The Committee agreed to recommend that $415.0 million in 1975-76 and $393.6 million be used as the Highway Fund availability estimate for the biennium. This is an increase of $5.0 million over the previous estimate by the Committee in 1975-76 and $16.6 million increase over the previous estimate in 1976-77.

In conclusion, the Joint Committee on the Economy has deliberated and arrived at revenue estimates for both the General Fund and the Highway Fund. The Committee has responded to the charge and will continue to monitor the revenue situation.

H. R. 6. A HOUSE RESOLUTION TO PROVIDE FOR THE INSTALLATION OF AN ELECTRONIC VOTING SYSTEM IN THE HOUSE CHAMBER.

Whereas, the North Carolina House of Representatives has long endeavored to perform its functions in an open, responsible, efficient and economical fashion; and

Whereas, electronic voting has been installed and will be used in the North Carolina Senate during the 1975 Session of the General Assembly; and

Whereas, electronic voting is vital in helping speed up the legislative process; and

Whereas, the acquisition, installation and use of electronic voting apparatus which can quickly and accurately record the vote on any issue, is consistent with the goal of a more efficient and responsive North Carolina House of Representatives; and

Whereas, the necessary funds must be appropriated this session in order for electronic voting to be installed in the North Carolina House of Representatives for all future sessions after the 1975 Session of the General Assembly;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The Legislative Services Commission is directed to select and to cause to be installed in the House Chamber electronic voting apparatus no later than December 31, 1975, if the General Assembly is scheduled to meet in the year 1976, and no later than December 31, 1976, if the General Assembly does not plan to meet in the year 1976.

Sec. 2. The rules of the House of Representatives shall be amended so as to provide for the installation and use of electronic voting apparatus.

Sec. 3. The cost of the electronic voting apparatus and the installation thereof shall be paid from funds appropriated by the 1975 General Assembly by a separate appropriation to the Legislative Services Commission and if said funds are not sufficient then any necessary balance shall be paid from the contingency reserve of the General Assembly's budget.

Sec. 4. This resolution shall become effective upon its adoption and a copy of same shall be transmited to the Appropriations Committees of the North Carolina House of Representatives and the North Carolina Senate.

Sec. 4. This resolution shall become effective upon adoption.

H. R. 129. A HOUSE RESOLUTION AUTHORIZING AND REQUESTING THE HOUSE COMMITTEE ON STATE PERSONNEL TO UNDERTAKE A STUDY AND TO FURNISH INFORMATION TO THE HOUSE COMMITTEE ON THE BASE BUDGET.

Whereas, the Base Budget Committee of the House is undertaking an in-depth study of all existing appropriations of State programs and expenditures; and

Whereas, the Committee is examining each department of government and each agency of government as a separate component or unit of study; and

Whereas, the matter of personnel affects all State agencies and departments and is an appropriate topic for a unified study; and

Whereas, the House Committee on State Personnel has a natural and appropriate interest in this subject matter and through an appropriate study can assist and aid the House Committee on the Base Budget in its work, and in addition, such a study might generate ideas and solutions of general interest in the field of State personnel;

Whereas, such study should be undertaken immediately and be completed within 75 days, in order that said Committee may take appropriate action, and make its report to the General Assembly, and make its report available to the Governor and other interested parties; and

Now, therefore, be it resolved by the House of Representatives:

Section 1. The House Committee on State Personnel is authorized and requested to make an in-depth study of personnel, positions, staffing, and general personnel needs in the various agencies, departments and institutions of State government.

(c) After a motion has been stated by the Speaker or read by the Speaker or Clerk, it shall be in the possession of the House; but it may be withdrawn before a decision or amendment, except in case of a motion to reconsider, which motion, when made by a member, shall be in possession of the House and shall not be withdrawn without leave of the House.

RULE 14. *Motions, Order of Precedence.* — When there are motions before the House, the order of precedence is as follows:

To lay on the table
To postpone indefinitely
Previous question
To postpone to a day certain
To commit
To amend an amendment

However, after one motion to postpone indefinitely has been decided, another motion to postpone indefinitely shall not be allowed at the same stage of the bill or proposition. When a question has been postponed indefinitely, it shall not thereafter be considered except on motion to place on the favorable calendar approved by a two-thirds (⅔) vote.

RULE 18. *Motion to Reconsider.* — (a) When a question has been decided, it is in order for any member of the majority to move for the reconsideration thereof, on the same or the succeeding legislative day; provided that unless the vote by which the motion was originally decided was taken by a call of the ayes and noes, any member may move to reconsider.

(b) A motion to reconsider shall be determined by a majority vote, except a motion to reconsider a motion tabling a motion to reconsider, which shall require a two-thirds (⅔) vote.

(c) A motion to reconsider a motion made under Rules 16, 17, 37, 41 and 42 shall require a two-thirds (⅔) vote.

RULE 19. *Previous Question.* — (a) The previous question may be called only by the member submitting the report on the bill or other matter under consideration, by the member(s) introducing the bill or other matter under consideration, or by the member in charge of the measure, who shall be designated by the chairman of the commitee reporting the same to the House at the time the bill or other matter under consideration is reported to the House or taken up for consideration.

(b) The previous question shall be as follows: "Shall the main question now be put?" When the call for the previous question has been decided in the affirmative by a majority vote of the House, the "main question" is on the passage of the bill, resolution or other matter under consideration.

(c) The call for the previous question shall preclude all motions, amendments and debate, except the motion to adjourn or motion to table or motion to postpone indefinitely made prior to the determination of the previous question.

Upon a division and count of the House on any question, no member away from his seat shall be counted.

RULE 23. *Roll Call Vote.* — (a) Before a question is put, any member may call for the ayes and noes. If the call is sustained by one-fifth (1/5) of the members present, the question shall be decided by the ayes and noes upon a roll call vote. All roll call votes shall be taken alphabetically.

(b) Every member who is in the Hall of the House when the question is put shall give his vote upon a call of the ayes and noes, unless the House for special reasons shall excuse him and no application to be excused from voting shall be entertained unless made before the call of the roll.

RULE 32. *Introducton of Bills and Resolutions.* — (a) All bills and resolutions shall be introduced by submitting same to the Principal Clerk's office on the legislative day prior to the first reading and reference thereof according to the following schedule: by 8:30 o'clock p.m. each Monday, by 4:30 o'clock p.m. each Tuesday, Wednesday and Thursday and by 3:00 o'clock p.m. each Friday.

(b) Every bill or resolution shall be read in regular order of business, except upon permission of the Speaker or on the report of a committee.

(c) All bills and resolutions shall show in their caption a brief descriptive statement of the true substance of same, which captions may thereafter be amended; provided that third reading shall not be had on any bill or resolution on the same day that such caption is amended.

"House Substitute for" or "House Committee Substitute for_____."

(e) House Resolutions need not be read more than twice.

RULE 33. *Papers Addressed to the House.* — Petitions, memorials and other papers addressed to the House shall be presented by the Speaker. A brief statement of the contents thereof may be orally made by the introducer before reference to a committee, but such papers shall not be debated or decided on the day of their first being read unless the House shall direct otherwise.

RULE 34. *Introduction of Resolutions and Bills, Copies Required.* — (a) Whenever any resolution or bill is introduced, a duplicate copy thereof shall be attached thereto, and the Principal Clerk shall cause said duplicate copy to be numbered as the original resolution or bill is numbered, and shall cause the same to be available at all times to the member introducing the same.

(b) Numbering of House Bills shall be designated as "H.B._____." (No. following.) A Joint Resolution shall be designated as "H.J.R._____." (No.

(c) Whenever any resolution or bill is filed for introduction, it shall be in such form and have such copies accompanying same as designated by the Speaker, and any resolution or bill introduced without the required number of copies shall be immediately returned to the introducer. The Clerk shall stamp the copies with the number stamped upon the original bill.

RULE 35. *Duplicating of Bills.* — The Legislative Services Officer shall cause such bills as are introduced to be duplicated in such numbers as may be specified by the Speaker. The Legislative Services Officer shall cause one copy of each resolution and public bill for each legislator to be delivered to his clerk or secretary who shall place it in the appropriate notebook on the legislator's desk. If a legislator so requests, a second copy shall be delivered to his clerk or secretary who shall place it in the legislator's office. The remaining copies shall be placed in the Printed Bills Room and made available to the committees to which the bill is referred, to individual legislators on request, and to the general public.

RULE 36. *Report by Committee.* — All bills and resolutions shall be reported from the committee to which referred, with such recommendations as the committee may desire to make except in the case where the principal introducer requests in writing to the chairman of the committee that the bill not be considered.

(a) *Favorable Report.* — When a committee reports a bill with the recommendation that it be passed, the bill shall be placed on the favorable calendar for the next succeeding legislative day; except that Committee Substitutes for bills shall be placed on the favorable calendar for the second next succeeding legislative day after adoption.

(b) *Report Without Prejudice.* When a committee reports a bill without prejudice, the bill shall be placed on the favorable calendar.

(d) *Unfavorable Report.* When a committee reports a bill with the recommendation that it be not passed, and no minority report accompanies it, the bill shall be placed on the unfavorable calendar.

(e) *Minority Report.* When a bill is reported by a committee with a recommendation that it be not passed or that it be postponed indefinitely, but it is accompanied by a minority report signed by at least one-fourth (¼) of the members of the committee who were present and voting when the bill was considered in committee, the question before the House shall be: "The adoption of the minority report." If the minority report is adopted by a majority vote, the bill shall be placed on the favorable calendar for consideration. If the minority report fails of adoption by a majority vote, the bill shall be placed on the unfavorable calendar.

RULE 37. *Removing Bill from Unfavorable Calendar.* — A bill may be removed from the unfavorable calendar upon motion carried by a two-thirds (⅔) vote. A motion to remove a bill from the unfavorable calendar is not debatable; but the movant may, before making the motion, make a brief and concise statement, not more than five minutes in length, of the reasons for the motion.

RULE 38. *Reports on Appropriation and Revenue Bills.* — All committees, other than the Committee on Appropriations, when favorably reporting any bill which carries an appropriation from the State, shall indicate same in the report, and said bill shall be referred to the Committee on Appropriations for a further report before being acted upon by the House. All committees, other than the Committee on Finance, when favorably reporting any bill which in any way or manner raises revenue or levies a tax or authorizes the issue of bonds or notes, whether public, public-local, or private, shall indicate same in the report, and said bill shall be referred to the Committee on Finance for a further report before being acted upon by the House.

RULE 39. *Recall of Bill from Committee.* — When a bill has been introduced and referred to a committee, if after 10 legislative days the committee has failed to report thereon, then the introducer of the bill or some member designated by him may, after three legislative days' public notice given in the House, on motion supported by a vote of two-thirds (⅔) of the members present and voting, recall the same from the committee to the floor of the House for consideration and such action thereon as a majority of the members present may direct.

RULE 40. *Calendars and Schedules of Business.* — The Clerk of the House shall prepare a daily schedule of business, including the Calendar of Bills and Resolutions for consideration and debate that day, in accordance with the Order of Business of the Day (Rule 5). The Clerk shall number all bills and resolutions in the order in which they are introduced, and all bills and resolutions shall be taken up in their exact numerical order as they appear in each category; but the Committee on Rules and Operation of the House may at any time arrange the order of precedence in which bills may be considered.

RULE 41. *Readings of Bills.* — (a) Every bill shall receive three readings in the House prior to its passage. The first reading and reference of the bill to committee shall occur on the next legislative day following its introduction, and the Speaker shall give notice at each subsequent reading whether it be the second or third reading.

(b) No bill shall be read more than once on the same day without the concurrence of two-thirds (⅔) of the members present and voting.

RULE 42. *Effect of Defeated Bill.* — (a) Subject to the provisions of subsection (b) of this Rule, after a bill has been tabled or has failed to pass on any of its readings, the contents of such bill or the principal provisions of its subject matter shall not be embodied in any other measure. Only one principal (first degree) amendment shall be pending at any one time. If a subsequent or substitute principal amendment shall be offered, the Speaker shall rule it out of order. However, any member desiring to offer a subsequent or substitute principal amendment in opposition to the pending amendment may inform the House by way of argument against the pending amendment that if it is defeated he proposes to offer another principal amendment, and he may then read and explain such proposed amendment.

Perfecting (or second degree) amendments may be offered and considered without limitation as to number, and in the event of multiple perfecting amendments, they shall be voted upon in inverse order.

RULE 44. *Conference Committees.* — (a) Whenever the House shall decline or refuse to concur in amendments put by the Senate to a bill originating in the House, or shall refuse to adopt a substitute adopted by the Senate for a bill originating in the House or whenever the Senate shall decline or refuse to concur in amendments put by the House to a bill originating in the Senate, or shall refuse to adopt a substitute adopted by the House for a bill originating in the Senate, a conference committee chairman and committee shall be appointed upon motion made, consisting of the number named in the motion; and the bill under consideration shall thereupon go to and be considered by the joint conferees on the part of the House and Senate.

(b) Only such matters as are in difference between the two houses shall be considered by the conferees, and the conferenc report shall deal only with such matters. The conference report shall not be amended and may be made by a majority of the House members of such conference committee.

PRAYERS OFFERED TO THE HOUSE OF REPRESENTATIVES 1975 by Dr. Albert G. Edwards

Thursday, January 16, 1975

O God, after the excitement and activity of yesterday, and even after some sleep, we may not come with rested bodies, fresh minds, eager wills, and responsive hearts, but we thank Thee we are here again.

So help these men and women of this House that even early in the session strangers will become comrades, hot excitement become quiet enthusiasm, lostness become plan and purpose, and hesitation become assurance.

And our prayer is offered in a Saviour's name, Amen.

Friday, January 17, 1975

O wondrous God, ever-living, ever-present, ever watchful, ever helpful, we thank Thee that we do not get what we deserve for some of us would reap much punishment and receive scant praise. Enable these men and women to remember that this State deserves their best; may they not fear the cost of such commitment; may their only fear be that of failing to do what they believe is right.

We pray in the name of Jesus who teaches us to do our best, and then leave the rest to Him, Amen.

Tuesday, January 21, 1975

O powerful God, who didst from nothing create the world, and who capped creation's process with miraculous man and wondrous woman, oftimes we look at ourselves and ask, "What am I that You care for me?" Then we remember Calvary and we know You care although we may not comprehend why You care. Since Thou dost care for us, may these chosen men and women know they are Thy agents to care for others — even the least of the citizens of the State.

In the name of Jesus who gave His life for the least, Amen.

Wednesday, January 22, 1975

Great God, though many of us may be strangers to each other, we thank Thee that we are not strangers to Thee, for Thou art our God and we are Thy people. Through our oneness with Thee may we come to feel a oneness with each other.

Though the magnitude of the problems that will confront these men and women may not yet be evident, help them to believe that Thou hast made them for this hour and that Thou hast given them not the spirit of fear but of wisdom and love and a sound mind. Help them to give birth to good ideas, and then to give legs to their ideas that they may become realities. Help them to know not just the weight of responsibility, but give them the wings to fly with it rather than be crippled and burdened by it.

We pray in the name of Him whose responsibilities were burdens to Him but blessings to us, Jesus the Christ, Amen.

Thursday, January 23, 1975

Almighty God, "beyond the range of sun and star, and yet beside us here;" yet regardless of how near Thou art, we know we cannot comprehend Thee but only apprehend Thee.

We thank Thee for the mysterious and miraculous instrument — the mind — by which we apprehend Thee. May we continue to use our minds to "see Thee more clearly, love Thee more dearly, know Thee more nearly and serve Thee more freely."

In our Saviour's name, Amen.

Friday, January 24, 1975

O Holy, Helpful God, we come in the name of Jesus who said, "The thief cometh not but to steal, and to kill, and to destroy, but I am come that ye might have life and have it more abuntantly." And all of us are surrounded by thieves, our Father.

The sexual sights that would take from us our purity;
The comprises that would take from us our integrity;
The laziness that would take from us our effectiveness;
The vulgarity that would take from us our decency;
The dishonesty that would take from us our usefulness.

These aren't the thieves we can put in prison, our Father but help us to remember it is written, "We can't keep the birds from flying over our heads, but we can keep them from building nests in our hair."

Through Jesus Christ, Amen.

Monday, January 27, 1975

O Sovereign God, we thank Thee that in Thy word it is written, "In returning and rest ye shall be saved."

But may it not also be written for these men and women of the House: "After rest and returning ye shall be set upon by public and by press."

But, O God, no matter how much they may be set upon by pressures without may they find that Thou wilt give them inner braces which may not keep them from bending before but which will prevent them from breaking

under the pressures from without which compete with the power of worthy convictions within.

Through Jesus, who was pressured by wrong but who never capitulated to wrong, Amen.

Tuesday, January 28, 1975

O Lord most holy, some of us are especially grateful that the sun shines not only on the just but also on the evil. On this day when the sun brings blessing to us all we pray in the words of the poet:

"Breathe through the heats of our desires
Thy coolness and Thy balm.
Let sense be dumb, let flesh retire,
Speak through the earthquake, wind and fire
O still small voice of calm."

And, O God, as these servants of the public work amidst the rumble of voices may they hear Thy voice and hearing heed — in the name of Him who listened and obeyed, even unto death, Jesus the Christ, Amen.

Wednesday, January 29, 1975

Maker of all days, it is not only of our assembled experiences we think when we pause to pray; remember these men and women when they must respond to their constituents; and may their constituents believe that their freedom ends where another's rights begin.

Remember these men and women as they confront the lobbyists; enable them to distinguish between what is selfish and what is straight. Remember these men and women in the confusion of committees; help them to shift the chaff from the grain.

Our prayer is offered in our Redeemer's name, Amen.

Thursday, January 30, 1975

Lord of our life and God of our salvation, the day is so far advanced that these men and women already have tasted the blessing of achievement and the sadness of failure. Through it all may they not be paralyzed by failure or bloated by success; rather, may they be helped by failure and humbled by success.

We pray in the name of Jesus who knew failure and success, Amen.

Friday, January 31, 1975

O Triune God, Father, Son and Holy Spirit, may all these men and women be thankful that they have homes to which to return at this day's close. And though the week with fellow-legislators and with others may have been rewarding may there be great joy from the thought of returning once more to their ain folks. And may they be the kind of folks whose homes have missed them and where a glad welcome waits them.

And we pray in the name of Him who makes us Thy ain folk, Jesus the Christ, Amen.

Tuesday, February 4, 1975

O God, our help in ages past, our hope for years to come, and promised presence for the present day, we remember it is written, "in everything give thanks," so we thank Thee on this day of drenching rain that weather-wise all days are not like this one.

It might be tempting, Lord, for these Representatives to feel they are in this chamber to sit and relax; help them to sit with energy, to hear with understanding, to speak with intelligence, and to vote with honest conviction.

We pray in the name of Jesus who lived and witnessed and worked before the public every day, Amen.

Wednesday, February 5, 1975

O Thou Shepherd and Guardian of our souls, may it be more than a careless and cold concession to custom which makes us pause to pray; rather may it be a sense of need and a realization of dependence.

May we come because we would open our ears not only to the whispers of men but also to the counsel of Thy voice, knowing that other men may speak selfishly but that Thou dost speak for the benefit of all mankind.

We pray in the name of the enduring Word Incarnate, Jesus, Amen.

Thursday, February 6, 1975

Almighty God, "before the mountains was brought forth or even thou hadst formed the earth and the world, from everlasting to everlasting Thou art God."

But we thank Thee that mighty as Thou art that not one of us is lost in Thy sight, and even the hairs of our heads are numbered.

Thus it is with confidence that we bring to Thee this morning Representative Parnell and his family. May they know now as surely as they have known before that earth has no sorrow that heaven cannot heal.

Keep them and us under the glorious spell that life is but a pilgrimage and the greatest portion of the journey is what lies beyond.

In the name of Him who conquered death and who is able to make us more than the conqueror, Jesus the Christ, Amen.

Monday, February 10, 1975

O God, who art great and good, and by whose providence we have been kept safe while scattered, and brought together once more in one place, if we have sensed Thee in the exalted corporate worship of the holy privilege of the weekend, may we also sense Thy presence in the business of this night. Preserve these men and women from decision making based on what

is popular or expedient or practical, and strengthen them to stand by and stand up for what they believe is right.

Through Him who proved that truth must triumph, Jesus the Christ, Amen.

Tuesday, February 11, 1975

Another day, Our Father, is partly spent and already these men and women know what it is to be caught in "the maddening maze of things." But in the presence of increasing pressure and binding tension may they reflect on the words, "They who wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; they shall walk and not faint."

In the name of Jesus who knew three years of daily pressure, Amen.

Wednesday, February 12, 1975

O God, there may not be many who have good looks, but all can have good conscience; all may not have arresting speech but all may speak truthful words; all may not have keen minds, but all may have clear and clean minds; all may not be able to do much, but all are able to do something worthy and enduring.

Our prayer is offered in the name of Jesus who took food enough for one and made it a banquet for many, Amen.

Thursday, February 13, 1975

O Gracious God, we believe as Thy word tells us that there is a time for everything.

A time to speak and a time to be silent;
A time to speak out and a time to shut up;
A time to listen and a time to ignore;
A time to stand and a time to remain seated;
A time to say yes and a time to say no;
A time to follow and a time to stand alone.

The trouble is Lord, we get the time confused; that's why we come to Thee for wisdom. And, God, as time goes on may our actions prove the prayer answered, and to Thee be the glory, Amen.

Monday, February 17, 1975

We stand, our Father, on the threshold of another legislative week; let it be a week wherein these Representatives will live under the consciousness of Thy word: "The Lord is my light and my salvation! Whom then shall I fear? The Lord is the strength of my life! Of whom then shall I be afraid?"

Be with the Pages as they begin a week of service long anticipated. The Legislators may not long remember the Pages, but the Pages long may

remember the Legislators; enable the Legislators to create for the Pages memories that will be worthy ones.

We pray in the name of Jesus who ever is remembered with thanks, Amen.

Tuesday, February 18, 1975

Great God, Thou who art ever more ready to hear than we are to pray, more ready to give than we are to ask, we thank Thee for those persons of other years who devised and determined the rules which govern these Representatives in their deliberations and discussions. Be with the Speaker of the House as he directs all business within a determined framework; enable him to maintain order without being oppressive, to be a prodder and not a pusher, to be firm and fair, and to be the leader that only he can be who once was a follower. Help him to prove that rules are electric beacons to guide us forward and not electric fences to hedge us in.

In Jesus' name we pray, Amen.

Wednesday, February 19, 1975

We pray, O God, that friendly faces may not hide cold hearts, nor impressive words cloak shabby thoughts; rather, may Thy Spirit so possess these men and women in the discharge of their duties that they will be guided not by selfish ambition nor by wavering emotion but by solid conviction.

This we ask in Jesus' name, Amen.

Thursday, February 20, 1975

O Wondrous God, Thou knowest how confusing some days can be; days when the problems are so pressing and the answers so evasive; days when we say, "If I had the wings of an angel from this Legislative Building I would fly." But they cannot in good conscience flee, and they know that only hard thought and determined effort will make them part of the solution rather than part of the problem. O God give them good strength, good sight, good sense.

Our prayer is offered in Jesus' name, Amen.

Friday, February 21, 1975

O God, with time a commodity of such high value, it may seem to some that prayer is a waste of time; yet is it not also true that work without prayer may be a waste of energy.

May we grow in the knowledge that when we know we are insufficient for the tasks then will Your sufficiency make us adequate for all things, and thus shall we confirm what is written, "Not by might nor by power, but by my Spirit, saith the Lord of hosts."

In the name of Jesus, Amen.

Monday, February 24, 1975

Eternal Father, whether deserved or undeserved, whether by good luck or Thy great grace, these servants of the people have been spared to gather again in deliberative session. May what happens this week in committee and assembly provoke the people of this state to thank Thee for preserving them rather than to curse Thee for protecting. Whether the encounters of the weekend have added to confusion or to clarity, lead these men and women to their own personal decisions so that each can say, "Here stand I; I can do no other."

We thank Thee for the Pages of the week; remember those at home who may be anxious concerning them, and grant these lads and lassies such enriching experiences that when the moments are memories they will recall them with pleasure and profit.

Through Jesus Christ, Amen.

Tuesday, February 25, 1975

Almighty God, Maker, Defender, Redeemer, and Friend, we come to Thee in awe and wonder as we recollect that once you lived on earth in a human body just like ours. How sustaining this knowledge is to these men and women as they strive to strengthen what is right and correct what is wrong.

May they ever know that in Thee they have a kindred spirit, and yet One who has more than knowledge, but to all who seek it power to give so that weakness becomes strength, indolence becomes industry, and despair becomes hope.

In the name of the Christ, Amen.

Wednesday, February 26, 1975

Our Heavenly Father, to all who are burdened in toil, weary in well-doing, worn by conflict, fed up with facts, tired of people, speak anew the words of Jesus, "Come unto me all ye who labor and are heavy laden and I will give you refreshment. Take my yoke upon you and learn from me, for my yoke is kindly, and my burden light, and ye shall find refreshment for your souls."

In the name of Jesus, Amen.

Thursday, February 27, 1975

Almighty God, we acknowledge in wonder and with thanksgiving that once you lived on earth in a human body like unto ours, and that through this body Thou hast come to know the hopes, the heartaches and the happiness of Thy people.

As these men and women grow in knowledge and conviction help them to strengthen what is right, correct what is at fault, and improve what is good.

In the name of Jesus our prayer is offered, Amen.

Monday, March 3, 1975

O Sovereign God, Thou who art as merciful as Thou art majestic, we thank Thee for Thy preservation and safe-keeping during the weekend break. If ever there was a time when the refreshing of Thy spirit was needed it is on Monday evening; but we thank Thee that for those who desire it, Thou wilt revive their spirit, fill each heart with Thy love, and each mind with Thy light.

We thank Thee for the Pages of the week; may the experiences that await them be enriching and enlightening; but as they serve these men and women, may they remember that they wait upon people who are not infallible gods but fallible men and women with strengths and weaknesses like unto all people.

In Jesus' Name, Amen.

Tuesday, March 4, 1975

O Sovereign God, there are those of us who are truly grateful for the moments of prayer since we find it so much easier to be nasty than to be pleasant. Thus we ask that in all matters in which we differ we may differ without being divisive, and may disagree without becoming disagreeable.

In the name of Jesus, Amen.

Wednesday, March 5, 1975

O Sovereign God, Thou knowest that these men and women cannot possibly have adequate knowledge of all issues on which they are required to make decisions; yet it is encouraging to realize that seldom is everyone ignorant of everything. We thank Thee that always there are some who are knowledgable. So as those who know seek to enlighten those who do not know, give them clarity of thought, facility of expression, and infinite patience with those whose questions indicate not only ignorance but stupidity.

Through all such times enable these men and women to see how much they need each other, and how much each one needs Thee.

In the name of Jesus, Amen.

Thursday, March 6, 1975

Our Father and our God, how well we know that prejudice is "being down on what we are not up on." Thus may all deliberation and discussion be so led by Thee that our ignorance will be dispelled and our decisions shall be made not on the basis of prejudice but from sound conviction.

In Jesus' Name. Amen.

Friday, March 7, 1975

O Faithful God, we are glad to remember it is written:

"Serve the Lord with gladness
Come before His Presence with thanksgiving
Be thankful unto Him and bless His Name
For the Lord is good, His mercy is everlasting
And His truth endureth to all generations."

And, O Lord, may that truth always be to these men and women "a lamp unto their feet and a light unto their path."

In the name of Jesus, Amen.

Monday, March 10, 1975

Once again, our Father, these men and women, like the children of Israel, have left the pleasures of Egypt for the rigors of the wilderness. We do not expect You to be a pillar of cloud by day or a pillar of fire by night; indeed, Lord we may need to pray on Monday night that you would light a fire under these men and women. This we know, Lord, that whatever they honestly need and earnestly seek from Thee, Thou wilt provide.

We thank you for the Pages of the week; open their eyes to the diligent labor of these legislators; open their minds to the process by which concepts become laws; open their hearts to a new appreciation of the democratic government of their state and nation.

Our prayer is offered in the name of Jesus, Amen.

Tuesday, March 11, 1975

O God, Holy and ever helpful, how difficult it is for some of us to admit we do not know everything and therefore in our false pride we go through life ignorantly intellectual. Forgive us, and lead us to see we cannot know everything and therefore find from Thee the true humility to be intellectfully ignorant, knowing that we cannot know all that needs to be known.

In our interdependence help us to learn from what others know and with this knowledge to be so led by Thy spirit that we will hear Thee say, "This is the way; walk ye in it."

In the name of Jesus, Amen.

Thursday, March 13, 1975

Eternal God, in whom we live and move and have our being, we thank Thee for the memory of yesterday when we saw with our eyes and heard with our ears the marvelous dividend from our State's financial investment in youth whose physical faculties are impaired.

May the lingering memory encourage these men and women to seek substantial State investment in services that assist the handicapped, and

also may it give them courage to say to those of us more fortunate, "unto whom much is given of you shall much be required."

Our prayer is made in the name of Jesus who for the sake of others gave His life, not because He had to, but because He wanted to, Amen.

Monday, March 17, 1975

Thanks be to Thee, O God, that through another weekend Thou hast protected and preserved these men and women who so ably serve all citizens of our State.

Our Father, they left for home in the light and they have returned in the dark; may the opposite be true at their understanding of the issues before them — when they left for the weekend they were in the dark but now they have light — if only a glimmer.

We thank You for the Pages of the week. May their experiences and encounters give them a new awareness of the greatness and glory of government by the free and for the free.

In the name of Jesus in whose service there is perfect freedom, Amen.

Tuesday, March 18, 1975

Almighty God, if we did not know it before we know it now — that talk is not cheap. It costs the most precious of all commodities — time; it takes from those who listen with interest and honesty — their energy.

Yet, Lord, ours is a system of government where some bills need to be talked to life and others need to be talked to death. Be with those who feel compelled to speak and give substance to what they say; be with those who attentively listen that by what they hear they may be led intelligently to vote to kill or to keep.

In a Saviour's name, Amen.

Wednesday, March 19, 1975

O God our Father, is it possible that being in the Legislature is like being in Noah's ark — if it wasn't for the tempest outside they could not tolerate the ruckus inside?

As these men and women live and work amidst the confusion of the days, grant that all deliberation will clarify from the midst of chaos, so that laws will be made inside which will worthily meet the legitimate needs of those outside.

In the name of Jesus, Amen.

Thursday, March 20, 1975

O Thou Great God, who made the mountains rise and spread the flowing seas abroad and built the lofty skies, we thank Thee for a day of cloudless sky and sun-warmed earth.

As once again these men and women bring their energy and their intellect to the issues of the hour fulfill in them the ancient assurance: "Wait on the Lord, be of good courage, and He shall strengthen thine heart."

So we believe and so we pray, Amen.

Friday, March 21, 1975

O God, Holy and Faithful, on this first day of Spring of another year we thank Thee for the remembrance it stirs of Thy ancient promise:

"While the earth remaineth,
seed time and harvest,
cold and heat
summer and winter
day and night shall not cease."

And we thank Thee also for the rhythm in the individual lives of these men and women of the House, for weekdays of work in the Legislature; and for the labor, love, leisure and worship of weekends at homes.

And may such rhythm, rightly used, make possible for them accomplishment in work, fun in leisure, joy in love, and renewal through worship.

In Jesus' Name, Amen.

Monday, March 24, 1975

O God, who makest Thy sun to shine on the evil and the good, and who sendeth rain, and lots of it on the just and the unjust, we thank Thee that to the best of our knowledge all traveling legislators have known safe journey.

In the weekend recess may there have been in their lives enough work and worship, enough love and leisure to send them back to chosen responsibilities with eagerness to learn the right, confidence to embrace the right, and strength enough not to be separated from it.

We thank you for the Pages of the week. Give to them the thrill of being "in" on things that are happening and may what happens strengthen their faith in and deepen their love for representative government.

We pray in the name of Jesus who was governed by His desire to please Thee always, Amen.

Tuesday, March 25, 1975

Almighty God, we thank you for the blazing beauty of this sun-drenched day of Spring. Thanks are given for these men and women who last night saved the men of the State from being clipped by clippers in the hands of the unskilled. May they continue to be alert to all bills which would "clip" and defraud the citizens of the State so that less and less do people find themselves paying for that which satisfieth and pleaseth not.

And Lord, may the men of the House remember that the women of the House were their allies.

In the name of the honest and able Jesus Christ, Amen.

Wednesday, March 26, 1975

Our Father and Our God, one day on this floor these men and women may hear about loaves and bread, but somewhere everyday may they hear about Him who is The Bread Of Life.

And, O God, on those days when they wonder if words count and witness bears fruit, may they remember how He who is The Bread Of Life took a lad's loaves and fishes and helped a multitude. Thus may they put, even their little, into His hands, and by His touch and blessing may that little become much.

In Jesus' Name, Amen.

Thursday, March 27, 1975

O God, so high above us that we cannot comprehend Thee, yet so much a part of us that we cannot escape Thee, our prayer today is that these men and women will bring both their heads and their hearts to their work. We ask it, our Father, because a heart without a head makes a man an idle visionary, a head without a heart makes work drudgery but head and heart together make a missionary.

And may Thy presence enable these men and women to become political missionaries who serve with might and mirth.

In the name of Jesus, Amen.

NORTH CAROLINA HOUSE OF REPRESENTATIVES
GOOD FRIDAY WORSHIP SERVICE
MARCH 28, 1975

Piano Prelude ..... Mr. James Collins

*Hymn — "All Hail The Power Of Jesus' Name"

All hail the power of Jesus' name! Let angels prostrate fall;
Bring forth the royal diadem, And crown Him Lord of all;
Bring forth the royal diadem, And crown Him Lord of all!
Ye chosen seed of Israel's race, Ye ransomed from the fall,
Hail Him who saves you by His grace, And crown Him Lord of all;
Hail Him who saves you by His grace, And crown Him Lord of all!
O that with wonder sacred throng, We at His feet may fall!
We'll join the everlasting song, And crown Him Lord of all;
We'll join the everlasting song, And crown Him Lord of all!
Amen.

*Prayer (In Unison)

O God, our Father, we know that You are always trying to speak to us in the common things and in the common experiences of life, and that in the

midst of time you are always giving us glimpses of eternity. So bless our minutes of corporate worship that they will tell us of Christ's sacrifice, confirm us in His strength, confront us with His life; and fill us with His life. Amen.

Responsive Reading of The Word of God — Portion of Psalm 103

LEADER: Bless the Lord, O my Soul: and all that is within me, bless His holy name.

PEOPLE: Bless the Lord, O my soul, and forget not all his benefits:

Almighty and Eternal God, when humanlike we seek
issues without problems
life without trials
work without difficulty
decisions without hesitation

help us to remember that the sailor proves himself in tempest
the pilot in turbulence
and the legislator in trouble.

And may these men and women prove themselves worthy in hardship as they avail themselves of Thy infinite wisdom,
inestimable power
and eternal presence.

Through Christ our Lord, Amen.

Wednesday, April 2, 1975

O Sovereign God, who dost govern in the affairs of men, whether they acknowledge it or not, we thank Thee for this another glad and beautiful day in our lives; but we recognize that for the family of former State Representative Julian Fenner it is a day whose brightness has been dimmed by his death. We thank Thee for his service to our State, and may his life prove again the truth, "that the world soon forgets its masters but it never forgets its servants."

Keep green our memories concerning the contributions of all former servants of our State, and keep thankful our hearts concerning those men and women who serve her so well in this present time.

In the name of the servant Christ, Amen.

Monday, April 7, 1975

O God, our Lord, this holy interlude of prayer is not so much a cry for help as it is an acknowledgment of dependence.

And may those Representatives who acknowledge their dependence upon Thee discover that Thou dost make them
wiser than they think they are
stronger than they dream they are
and more influential than they believe they are.

We thank Thee for the Pages of the week; Thou knowest the excitement and enthusiasm they bring to their work; may nothing be said or done by the men and women they serve that will dampen or destroy either quality.

In the name of the Christ, Amen.

Wednesday, April 9, 1975

God our Lord, Thou who art timeless and changeless, some of us may not know if you are domiciled in Raleigh or resident of Raleigh, but we know You are in Raleigh and that You are here in this hallowed place, for we have Thy word and it is of strict honor. May these men and women who are aware of and alert to Thy presence hear Thee say, "Be of good courage; wait on the Lord, and He shall strengthen Thine heart."

In the name of Jesus, Amen.

Friday, April 11, 1975

Lord of all days, we come to thank Thee for Thy brightening presence and to praise Thee that Thou hast so made us that when all is well within us, even on the dullest day, everything without looks good.

As these men and women give themselves to tasks on a day when the urge to head home is strong, and the weariness of the week is felt, may they hear Thee say, "Wait on the Lord, be of good courage, and He shall strengthen thine heart."

In the name of Jesus, Amen.

Monday, April 14, 1975

O Holy Father and Helpful Friend, through Thy providence it is back to the "grind" of another legislative week. But may these men and women bring not only a sobering sense of high responsibility, but also a glad spirit born of the realization they are a chosen people.

We thank Thee for the Pages of the week; may their association with these legislators, may their opinion of democratic government be heightened, and in being helpful may they find happiness.

In the name of Jesus, Amen.

Tuesday, April 15, 1975

O Sovereign God, the frantic folks have had their day and their say, and now "the lion is about to be tossed to the Christians."

O God, as these men and women seek among other matters to settle the issue of the Equal Rights Amendment enable them to fight and still be friendly, to object without being obnoxious, to discuss and not be disagreeable, and to be frank without giving offense. We pray for those in the gallery; how hard it will be for some of them to restrain themselves; help them to listen with open minds and controlled bodies. It's a lot Lord we are asking you to do for us, but we remember that for those who want You to do it, "Thou art able to do exceeding abundantly above all we ask or think."

In the name of Jesus, Amen.

Wednesday, April 16, 1975

It's another day, O God, and these men and women sitting in the North Carolina House of Representatives are ready to be at it again. Thanks are offered for the spirit which prevailed yesterday on the floor and in the gallery.

O God, as these men and women face this crucial vote on the Equal Rights Amendment help them to speak and vote as they understand the right; for all of us know that none of us can do wrong and feel right.

Almighty God, we know it doesn't take but seconds to vote; but help us to remember that there is the remainder of our lives to live with it.

We thank Thee for the direction and diplomacy of the Speaker; ever enhance his wisdom with Thy wisdom.

In the name of the Christ, Amen.

Thursday, April 17, 1975

O Triune God, Father, Son and Holy Spirit, after the energetic involvement of these men and women in the issue of the past two days we are tempted to pray:

"Drop Thy still dews of quietness, til all our strivings cease;
Take from our hearts the strain and stress,
And let our ordered lives confess the beauty of Thy peace."

But we know that as long as these men and women are heartily and honestly involved in legislative responsibilities there will be no freedom from strain or stress. But on those days when responsibilities seem greater than resources, enable them to say with conviction, "The Lord is my Shepherd and I shall not want."

In the name of Jesus, the Good Shepherd, Amen.

Friday, April 18, 1975

Eternal God, for whom no new day dawns and no sun ever sets we thank Thee for the assurance that if we "draw nigh unto Thee Thou wilt draw nigh unto us."

And as we draw nigh help us to know that we come not to find in Thee only refuge but that we come to Thee to be refueled and replenish that we might go out daringly and hopefully into the stormy seas of life.

In the name of the Christ who teaches us to sail successfully in good weather and foul, Amen.

Monday, April 21, 1975

Almighty God, to whom all hearts are open, all desires known, and from whom no secrets are concealed, already this night there are those who have prayed:

"Now I lie me down to sleep
I pray the Lord my soul to keep."

But these men and women must pray:

"Now I get me up to work
I pray the Lord I will not shirk."

We remember in prayer the Pages of the week because they are serving human beings. Not all they see or hear or exprience will be good, but may the good far outdistance and outrank the ill, and thus may they take with them to their homes a high and holy respect for legislative work and workers.

Our prayer is offered in the name of Him who said, "My Father works and I work" Jesus the Christ, Amen.

Thursday, April 24, 1975

God of might and Father of mercies, our part of Thy world is clothed in a garment of such remarkable beauty that it makes some of us mortals look rather shabby and shoddy.

But we thank Thee that You accept us not by outward appearance but by inner inclination.

Be with these men and women as they struggle to do right, in their minds and eyes, and make the inner braces strong enough to withstand all outside pressure.

In the name of Jesus, Amen.

Friday, April 25, 1975

O Soverign God, for most of us Thy guidance comes not from notes pinned mysteriously to our pillows or messages written in the sky, but from insight and intuition sensitized and heightened by Thy Holy Spirit.

Since these men and women cannot know everything, in times of ignorance help them to sit with energy and listen attentively so that later they may walk quietly and surely in truth rather than jumping noisily and confusingly in ignorance.

Through Jesus Christ our Lord, Amen.

Monday, April 28, 1975

O God, for whom "day unto day pours forth speech, and night unto night declares knowledge" it may be for some of these men and women that being in the House is heaven while for others it is hell, and probably for most it is some of both; but whatever the experience be may all remember what the Psalmist declared,

"If I ascend up into heaven,
Thou art there,

If I make my bed in hell, behold,
Thou art there."

We thank Thee for the pages of the week; thou knowest with what expectation they come; forbid that any worthy expectations will be shattered as they serve this week the members of the House.

In the name of Jesus, Amen.

Tuesday, April 29, 1975

We thank Thee, O God, that heaven has its panel of three — Father, Son and Holy Spirit.

We thank Thee that Heaven's panel is in the power business, for we remember that Titus wrote: "God has not given us the spirit of fear, but of power and of love and of a sound mind."

We know that Heaven's power like earth's power isn't free, but we thank Thee it is worth the cost of the surrender of our vain pride and our false self-confidence.

Our prayer is offered in the name of Jesus, Amen.

Friday, May 2, 1975

O Sovereign God, because so much time is spent looking out for the welfare of the State and looking out for the needs of the people, we thank Thee for moments when we may look up; and may our looking up be in the spirit of the Psalmist:

> "I will lift up mine eyes unto the hills!
> From whence cometh my help?
> My help cometh from the Lord who made heaven and earth.
> He will not let my feet be moved.
> Behold He that keepeth His chosen ones neither
> slumbers not sleeps."

And our prayer is offered in the name of Jesus, Amen.

Monday, May 5, 1975

O Sovereign God we thank Thee for the day and praise Thee for the opportunities of the night.

May the sentiment of these men and women of the House be that it was good to be home and also it is good to be back. Of all the weekend experiences may there have been those which honed their minds that their thinking may be straight, and which touched their hearts that their actions may be true.

We thank Thee for the Pages of the week; for the homes and schools from which they come, and for the ability which enables them to leave their schools for a week here. May all their experiences of this week enrich their concept of and attitude towards representative government.

In the name of Jesus, Amen.

Tuesday, May 6, 1975

Eternal Father and Friend Dependable, we thank Thee that we approach Thee in the name of Jesus because He knew how much truth hurts.

You know it hurts us because oftimes it makes us believe what we don't want to believe; it hurts because electors do not always distinguish between prejudice and truth; it hurts, our Father, because to follow it may cost these men and women their seats in this House; But, O God, guide these Representatives as they seek the truth and strengthen them to follow truth, for we know that only in heeding Thy will is our enduring peace.

We pray in the name of Him who was hurt when He followed truth, but by whose hurt all people are helped; Jesus the Christ, Amen.

Wednesday, May 7, 1975

Dear Lord and Father of Mankind, not all these men and women are under the judgment of the Press or under the judgment of the people they represent, but all of us are under Thy judgment. Our thoughts are known to Thee, our words are heard by Thee, and our plans are seen by Thee.

Such knowledge, O Lord, is sobering but also it is strengthening for we recall it is written, "Shall not the judge of all the earth do right?"

In the name of Jesus, Amen.

Thursday, May 8, 1975

"Lord of all being throned afar, Thy glory flames from sun and star", and thankful we are that nature's abounding beauty keeps us ever mindful of that truth.

Our Father, how well these men and women of this House recognize that not all business is stimulating and exciting, but in times when business is monotonous and attention lags and spirits droop in Thine own way stab them wide awake, for well it might be that legislation which fails to excite may well be legislation which is exceedingly important to the citizens of the State.

We pray to Thee in the name of Jesus who can do for us and with us what is impossible to our unaided selves. Amen.

Friday, May 9, 1975

Great God, so powerful and, thankfully, so patient, Thou knowest that these men and women do not serve their State for the compensation of dollars but for the joy of service; not for the love of power but for the conviction that they have a contribution to make.

We pray that in service Thou wilt keep them unselfish, in wielding power keep them honest and gentle, and in making their contribution may they discover that the world soon forgets its masters but never forgets its servants.

In the name of the serving Christ, Amen.

Monday, May 12, 1975

O God, ever mighty, merciful and helpful, although these men and women face another week of crucial decision, may they be glad and grateful that safely through another weekend Thou hast brought them.

In all the work of the week help them to be people and not puppets, voices and not echoes, and to have original thoughts and not second-hand ideas.

We pray for the Pages of the week; in service give them gladness; in involvement give them good education; and in fellowship with each other may they have clean fun.

In the name of Jesus, Amen.

Wednesday, May 14, 1975

We thank you, our Father, for another day that You have given us.

Because we remember the Bible says, "As your days so shall your strength be," we pause to acknowledge through prayer our dependence upon You and from prayers to gain the guidance and win the strength that will enhance the wisdom and enlarge the skill by which these men and women serve You as they serve the citizens of our State.

In the name of Jesus, Amen.

(This prayer also was offered in the sign language for the deaf by House Page David Dowdy, a senior at Morganton School for the Deaf.)

Monday, May 19, 1975

O Holy Father, Helpful Friend, may it not only be on our coins but also on our minds that there is stamped the words, "In God We Trust." And just as these men and women trust the floor on which they stand and trust the chairs on which they sit, and trust the wives and husbands they have left behind, so may they trust Thee to fulfill the ancient promise: "They who acknowledge Thee, Thou wilt in all their ways direct them."

For the Pages of the week we pray; enable them to be helpful in what they do and to find happiness in the doing of it.

Through Jesus Christ our Lord, Amen.

Tuesday, May 20, 1975

O God Almighty, none of us know if in heaven's Book of Life our names are alphabetized or scrambled; some of us hope they are mixed so that it may be more difficult to locate us when there are incidents to record against us. We thank Thee that we do know that we are more than mere names to Thee — that we are persons, individuals, who can say with the poet, "His eye is on the sparrow and I know He watches me." And we thank Thee, Our Father, that Thou dost watch us not as a spy or an enemy but as One who has a mother's love and comfort and a father's strength and authority.

In the name of Jesus, Amen.

Wednesday, May 21, 1975

O Holy Father, Friend Unseen but Presence felt, as these men and women of the House more and more are the targets of criticism enable them to remember that only the active and involved are criticized; help them to remember that in a store only the good fruit is pinched; the rotten fruit is untouched.

Thus in the midst of criticism keep open their minds, strong their voices, and daring their actions.

It's not, our Father, that we don't need critics; we just seek Thy help in living with them, hearing what is said or written, heeding what is true and helpful and ignoring what is untrue.

We pray in the name of Him who ever lives and moves among us, Jesus the Christ. Amen

Monday, May 26, 1975

Lord of life beneath the dome of the universe Thy home, may it be more than bodies that once more are brought together in this place; may it also be minds; minds which even at day's end are alert and agile. May they remember also the words of Thy Book:

> "Let this mind be in you which was also in Christ Jesus, who being in the form of God thought it not robbery to be equal with God, but made Himself of no reputation and took upon Himself the form of man, and being found in fashion as a man He humbled Himself and became obedient unto death, even the death of the Cross."

We seek for these men and women not an obedience unto death but unto death to self.

We thank Thee for the Pages of the week; may they aim to please and may they hit the target.

In the name of Jesus, Amen.

Tuesday, May 27, 1975

Our Father and our Friend, if there are many sessions like unto last night's it may well be that these men and women will be more interested then ever in in emergency medical services. But we thank Thee that through all the turmoil of the days, through all the haste and hurry and the stress and the strain, there comes that rich, real voice of Thine, saying anew, "My grace is sufficient for all your needs."

In that faith and in the name of Christ we pray, Amen.

Thursday, May 29, 1975

God of grace and God of glory, in days when demands on time are many and reliance on strength is heavy we come praying as the poet wrote:

> "Drop Thy still dews of quietness
> 'Til all our strivings cease;
> Take from our hearts the strain and stress,
> And let our ordered lives confess
> The beauty of Thy peace."

Our prayer we offer in the name of Jesus of whose peace the world cannot rob us, Amen.

State Capitol — Monday, June 2, 1975

Great God, Thou hast seen all days that were and are, for we remember Thy word informs us that "before the mountains were brought forth or ever Thou hadst formed the earth and the world, even from everlasting to everlasting Thou art God."

We thank Thee for the preservation of this landmark in the political history of our State; though inarticulate may it communicate to all who ponder the ability of the architect and the skill of the laborers. May this place also stir the imaginations so that a people who neither saw nor heard what occurred within these walls, may at least live again in their own way the history-making-days which played such an important part in creating and establishing the benefits and blessings which are ours in North Carolina today.

And in the name of Christ we pray, Amen.

Monday, June 2, 1975

Almighty God, we thank Thee that Thou are ever more ready to hear than we are to ask, though we have not neglected this night the privilege of asking.

We greeted Thee earlier in that place where our State's political history has its roots; the space is beautiful but it isn't bountiful, so in this place of space and grace we thank Thee not only for "the good old days" but for "the grandeur of the present days."

Guide aright all who will share in the decision-making moments of the night; may Thy will be their will.

For the Pages of the week we thank Thee; in service may they find satisfaction; from the experiences of the week may there come their enrichment.

We pray in the name of Jesus, Amen.

Tuesday, June 3, 1975

O God who listens as well as loves, keep us aware that those within this chamber are but a fraction of the number in this building who serve our State.

Because these are days which try the souls of clerks, secretaries, proofreaders, telephone operators and others, may these men and women in this House help bear the burden they create by thankfulness and thoughtfulness, patience and cheerfulness. And may the burden bearing be done in the gracious and helpful spirit of Him who bears the burden of all mankind and in whose name we pray, Jesus the Christ, Amen.

Monday, June 9, 1975

Almighty God, whose inspiration gives us understanding, whose spirit gives us conviction, and whose strength gives us endurance, Thou knowest what these men and women will need this day of understanding, conviction and endurance, but we believe that whatever the needs Thou wilt abundantly provide the resources.

And may they who seek Thy resources go beyond being foghorns and become beacon lights, since foghorns only warn of dangers but beacon lights guide us forward.

In Jesus Name, Amen.

Wednesday, June 11, 1975

Great God, the Words are sobering, "to him that knoweth to do right and doeth it not it is sin." And though we often argue about not knowing the difference between the right and the wrong, isn't it true, Our Father, that we do know what is right, and our trouble is we are reluctant to do it. So we ask not for knowledge, but for a push in the right direction; and as these men and women travel in the right direction may they discover anew that one of the great joys in life is to do right in the face of a deep desire to do wrong.

We pray in the name of Jesus who for our sakes did no wrong, Jesus the Christ, Amen.

Friday, June 13, 1975

O God, who art all powerful, these men and women come now to discuss that which is powerful too — money. We know it can be a slave or it can be a master; as these men seek to make money do their bidding help them to find ways to preserve those programs and services which over the years have been so dearly purchased, and give them the wisdom to resolve the difficulties which seem so great.

We pray in the confidence that Thou "art able to do exceeding abundantly above all we can ask or think," Amen.

Monday, June 16, 1975

Almighty God, there is one bill that might be passed and sometimes we wish could be passed, though it be of no avail, and that would be a bill to stop time. But whether frayed or frazzled, rested or ready, it's that time again.

Throughout the activities of this day may there be that quality in these men and women which will respond favorably to challenge and opportunity, and may they discover anew that debate is stimulating and involvement invigorating.

Our prayer we offer in the name of Jesus who was constantly involved for the people's good, Amen.

Tuesday, June 17, 1975

O God, most mighty and all merciful, we readily and thankfully acknowledge that the best things in life are not free.

A night's refreshing and restoring rest is never possible without exhausting hours and demanding days.

Good legislation is impossible without tedious research and mental strain.

Inner peace is inexperienceable without the pain of doing right without.

Going home with pleasurable anticipation is possible only when we can give sound reasons for our decisions and convictions.

May these men and women discover that from the cost there comes a worthy prize.

In Jesus name, Amen.

Wednesday, June 18, 1975

Great God from whom all blessings flow, we thank Thee that Thy presence can be as vivid in the halls of government as in the temples of worship. As we pause to acknowledge Thee in this hall of government may we hear Thee say, "Be still and know that I am God."

May that stillness bring not passivity and inactivity, but may it establish within us a greater degree of serenity and a larger measure of power.

Our prayer we offer in the Saviour's name, Amen.

Friday, June 20, 1975

O Sovereign God, whose eyes are ever upon Thy people, not to catch them in trouble, but to keep them from trouble, some of us are near-sighted in one eye and far-sighted in the other, but this gives us the encouragement to pray that the eyes of the minds of these men and women will be myopic and hyperopic. To complete their work on schedule they need to be near-sighted, but may they also view the distant scene and see what the actions of today will mean for tomorrow.

Through Jesus Christ, Amen.

Monday, June 23, 1975

"God of our fathers, whose almighty hand leads forth in beauty all the starry band of shining worlds in splendor through the skies," surely we are old enough to know, and mature enough to accept the truth that "the best laid schemes of mice and men gang oft agley." And although what was hoped for has not come to pass may these men and women still bring to the business of the day their best thought, firm resolution and strong purpose; and let this knowledge of who they are and what they do be ointment for the sting of criticism, solace for misunderstood and misinterpreted decisions, and compensation for unapplauded toil.

We pray in the name of Jesus who Himself was and often still is misunderstood and unappreciated, Amen.

Tuesday, June 24, 1975

Almighty God, we turn confidently to Thee in prayer because we believe "Thou are able to do exceeding abundantly above all we ask or think." Earnestly and sincerely we pray for those members of the House and Senate who even now are endeavoring to reach agreement on issues of exceptional significance to our State. Take from them suspicion and pettiness and self-seeking and enable them to see their brothers' good and not just their own.

We pray for these men and women of the House who wait; may they not be placid like cows waiting to see what will happen, rather may they determine to do their part to make the right things happen.

We pray in the name of Jesus who was forever causing good things to happen, Amen.

Wednesday, June 25, 1975

O God, so great and good, may it never cease to amaze us that you loved us before we even cared for you, and that is something since some of us know it is difficult for others to like us, much less love us.

We thank You that in matters of finance there has been an amicable meeting of the minds of the conferees; yet we recognize that such concord has not been without cost and we pray for Representative Billy Watkins that in the hospital there may be benefit for him through the facilities of Rex Hospital and the ministries of physicians, nurses, and medicines. May they be the channels through which there will come renewal and restoration for his weariness and exhaustion.

As these men and women now come to deliberate as a body the decisions of a few, keep them from lukewarmness and apathy and keep them hot and involved.

We pray in the name of Jesus who was always involved for others' good, Amen.

Thursday, June 26, 1975

Almighty God, Designer of democracy and Author of liberty, in the days of this session we have turned to Thee because we recognize that "good leaders must themselves be led; wise governors must themselves have a wiser governor; wielders of power must themselves be under a higher power." We have sought to make Thee that Leader, Governor and Higher Power.

Now in the waning hours of this session of 1975 continue so to direct these ladies and gentlemen that they will continue to be voices and not echoes, ventriloquists and not dummies.

We pray in the name of Jesus who knew His own mind and was always guided by it, Amen.

ADDENDUM

It will be noted that a number of bills and resolutions passed second reading and then were read a third time on the same day.

Rule 41(b) states:

No bill shall be read more than once in the same day without the concurrence of two-thirds (⅔) of the members present and voting.

In order to comply with this Rule, no bill which had passed its second reading is read a third time except:

(1) When a member moves that the Rule be suspended, and this motion carries by at least a two-thirds vote of the members present.

(2) When the Chair determines that there is no objection from any member present. This constitutes unanimous consent of those members present that Rule 41(b) be suspended.

In these cases, the bill is read a third time.
